

We hope you enjoy the
Ahdawagam Trails
and invite you to take advantage of the
parks and areas they pass through.

Ahdawagam Trails

The City of Wisconsin Rapids
recreational system, Ahdawagam Trails, is a
combination of dedicated, paved, off-street trails
and city streets where paint markings designate
restricted bike lanes.

The trail system encompasses approximately
21 total miles of trails.

The Green Trail follows the Riverview Expressway through the City. From the intersection of State Hwy. 54 and the Expressway you can continue east into the Township of Grand Rapids. The trail ends at Reddin Road near the city limits on the north side of town.

GREEN TRAIL

The Yellow Trail begins at Demitz Park at the intersection of 3rd Street South and the East Riverview Expressway. The trail heads south along 1st Street South and joins the Airport trail at Two Mile Avenue where it heads east to Sampson Street then south again to Griffith Avenue. You can then proceed east along Griffith Avenue to Nepco Lake Park.

ORANGE TRAIL

The Red Trail begins at the Ben Hansen Park boat landing where parking is available. The paved trail runs north along the Wisconsin River through Ben Hansen Park and Lyons Park, passing under the Riverview Expressway Bridge and continues north along 1st Avenue South to the Grand Avenue Bridge. After crossing the Grand Avenue Bridge, the trail continues north again through Veterans Park and Mead Rapids View Park and north along 1st Street North with a short detour through Legion Park. The trail resumes its northward trek along 1st Street into the Village of Biron.

RED TRAIL

The Purple Trail begins at the intersection of State Hwy. 54 and the Riverview Expressway. Proceed north along State Hwy. 54 and cross Washington Street. Two blocks north of Washington Street the trail goes through a pedestrian underpass and emerges at Robinson Park. If you cross State Hwy. 54 at Washington Street you can continue north over a railroad overpass to Spring Street. From there go west on Spring Street to 1st Street North and connect with the Red Trail.

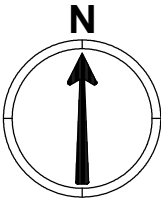

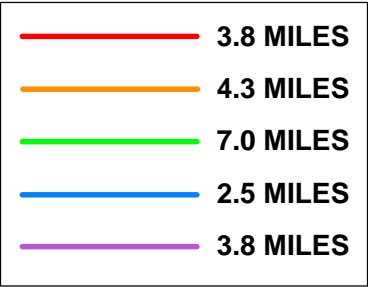

PURPLE TRAIL

The Blue Trail is paved and is constructed on top of an old railroad bed. The trail runs from Seneca Road, the border between Wisconsin Rapids and Port Edwards, north to West Grand Avenue. Along the way you will go past numerous wetlands and forest areas as well as pass by the City's Zoo. At West Grand Avenue you can cross over the Riverview Expressway and connect with the Green Trail. You can also cross over just south of the Zoo and connect with the Red Trail. If you continue south of Seneca Road you will connect with other Wood County trails that run through Port Edwards and Nekeoosa.
