Limited English Proficiency (LEP) Plan

Overview

As a recipient of federal financial assistance, the **City of Wisconsin Rapids** is required to prepare a Limited English Proficiency (LEP) Plan to address its responsibilities relating to the needs of individuals with limited English language skills.

This plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C 2000d, et seq, and its implementing regulations which state that no person shall be subjected to discrimination on the basis of race, color, or national origin.

Executive Order 13166 “Improving Access to Services for Persons with Limited English Proficiency”, issued in 2000 clarified Title VI of the Civil Rights Act of 1964. It stated that individuals who do not speak English well and who have a limited ability to read, write, speak, or understand English are entitled to language assistance under Title VI in order to access public services or benefits for which they are eligible. While most individuals in Wisconsin read, write, speak, and understand English, for some individuals English is not their primary language. If these individuals have a limited ability to read, write, speak or understand English, they are considered Limited English Proficient (LEP).

The US DOT “Policy Guidance Concerning Recipients’ Responsibilities to LEP Persons” discusses the concept of “safe harbor” with respect to the requirements for translation of written materials. The *Safe Harbor Threshold* is calculated by dividing the population estimate for a language group that “Speaks English less than very well” by the total population of the county. The *LEP Safe Harbor Threshold* provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less, of the population to be served) the **City of Wisconsin Rapids** must provide translation of vital documents (e.g., Notice of Nondiscrimination, Complaint Procedure and Complaint Form) in written format for non-English speaking persons.

Recipients of federal financial assistance are also required to implement LEP plans in accordance with guidelines of the federal agency from which the funds are provided. FTA Circular 4702.1B – Title VI Requirements and Guidance for FTA Recipients provides guidance and instructions for LEP Plan development.

Plan Summary

The **City of Wisconsin Rapids** has developed this *Limited English Proficiency Plan* to identify reasonable steps for providing language assistance to persons with limited English proficiency (LEP) who wish to access services provided by the **City of Wisconsin Rapids**.

This plan outlines how to identify a person who may need language assistance, how to inform LEP persons language assistance is available, the ways in which assistance may be provided, and staff training.

Plan Components

As a recipient of federal US DOT funding, the **City of Wisconsin Rapids** is required to take reasonable steps to ensure meaningful access to programs and activities by LEP persons.

This plan includes the following elements:

1. The results of the *Four Factor Analysis*, including a description of the LEP population(s), served.
2. A description of the following:
 - ✓ How language assistance services are provided.
 - ✓ How LEP persons are informed of the availability of language assistance services.
 - ✓ How the language assistance plan is monitored and updated.
 - ✓ How employees are trained to provide language assistance to LEP persons.

Meaningful Access - Four Factor Analysis

To prepare this plan, the **City of Wisconsin Rapids** conducted a four-factor analysis which considers the following:

Factor 1 - Demography

Number and proportion of LEP persons who may be served or are likely to encounter a City of Wisconsin Rapids program or service.

This plan uses US Census Bureau – American Fact Finder (2011-2015) language data available by Wisconsin county. More data is available on the US Census Bureau ACS website.

Wood County LEP
Data 2015 Esti...

The US Census Bureau – American Fact Finder (2011-2015) data shows there are numerous languages spoken in Wood County. Some of these languages include Spanish, Hmong, Other Native North American Languages, Vietnamese, German, Russian, Polish, Chinese, and Urdu. After English, the second and third largest language groups are Spanish and Hmong.

The Safe Harbor Threshold is calculated by dividing the population estimate for a language group that “speaks English less than very well” by the total population of the county. The LEP Safe Harbor Threshold provision stipulates that for each LEP group that meets the LEP language threshold (5% or 1,000 individuals, whichever is less), the **City of Wisconsin Rapids** must provide translation of vital documents in written format for non-English speaking persons.

US Census data shows that in Wood County with a population estimate of 69,938, 379 persons are identified as speaking Spanish and “speaks English less than very well” and 242 persons are identified as speaking Hmong and “speaks English less than very well”. These language groups are less than 1% and below the 5%, or 1,000 person threshold of the population to be served. This means the **City of Wisconsin Rapids** is not required to provide written translation of vital documents in Spanish or Hmong. All other language groups listed above are also below the Safe Harbor Threshold. This means, at this time, the **City of Wisconsin Rapids** is also not required to provide written translation of vital documents in these languages.

In the future, if the **City of Wisconsin Rapids** meets the Safe Harbor Threshold for any language group, it will provide written translation of vital documents in such languages and consider measures needed for oral interpretation.

Factor 2 – Frequency

Frequency of contact with LEP persons.

The **City of Wisconsin Rapids** and its transit provider provides transportation service for the **City of Wisconsin Rapids** and the surrounding communities, including, but not limited to, Kellner, Vesper, Port Edwards, Nekoosa and the Town of Rome.

The **City of Wisconsin Rapids** reviewed the frequency with which its staff, policy board, and contractors have, or could have, contact with LEP persons in the conduct of **City of Wisconsin Rapids** activities. This includes a review of documented phone inquiries, office visits, and encounters at public meetings and community events. Within the last year, **City of Wisconsin Rapids** staff, council members, and its transit provider have had (0) requests for interpreters and (0) requests for translated program documents in any setting.

Factor 3 – Importance

Nature and importance of program to LEPs.

The **City of Wisconsin Rapids** receives federal financial assistance to provide shared ride transportation service in City of Wisconsin Rapids and surrounding communities.

The **City of Wisconsin Rapids** and its transit provider understands an LEP person with language barrier challenges also faces difficulties obtaining health care, education, access to employment and nutrition meal sites, recreational services and socialization. Transportation services provides a key role in connecting LEP persons to these essential services.

Factor 4 – Resources and Costs

Resources available and overall cost to provide LEP assistance.

Given the small size of LEP encounters and small LEP populations, full multi-language translations of our programs and services related to transportation services is not warranted at this time. However, this information can be made upon request. The **City of Wisconsin Rapids** will contact state and local units of government and community resources for assistance in translation services.

Even though the **City of Wisconsin Rapids** does not have a separate budget for LEP outreach, it continuously explores ways to implement low-cost methods of notifying LEP persons of transportation services. Outreach efforts include maintaining a website, utilizing social media, developing and printing

brochure/materials and having a visible presence in our community (e.g., participating in job fairs, parades, community events, etc.) to promote transportation services. Additional low-cost outreach methods to reach LEP communities include but are not limited to activities such as visiting ethnic stores/markets and restaurants, community centers, libraries, faith-based institutions and local festivals. The cost is relatively low but the ability to reach the LEP population is high.

Language Assistance Services

Overview - Language Assistance Services

City of Wisconsin Rapids strives to offer the following measures:

- ✓ When encountering LEP persons directly, **City of Wisconsin Rapids** staff use the "*I Speak*" *Language Identification Card* or posters to identify the language and communication need of LEP persons.
- ✓ Maintain a *Log of LEP Encounters* to capture information on the frequency of contact with LEP individuals to determine whether additional language assistance services are needed.
- ✓ Make translated versions (or provide for the interpretation of relevant sections) of all documents/publications available upon requests, within a reasonable time frame.

- ✓ Review outreach activities and information gathered from the *Log of LEP Encounters* on the frequency of contact with LEP individuals to determine whether additional language assistance services are needed.
- ✓ Develop and maintain cooperative relationships with key agencies/community organizations that serve LEP populations in the area or region. These entities can assist in providing or verifying translations and/or identifying gaps in assistance to persons with LEP needs.
- ✓ Utilize translation services such a fluent speaker on staff or seeking out language assistance from community organizations.
- ✓ Utilize Wisconsin Relay 7-1-1, the state of Wisconsin resource to assist with communication needs for individuals that are deaf, hard of hearing, deafblind, or those with a speech disability <http://www.wisconsinrelay.com/> and <http://www.wisconsinrelay.com/features>
