## Other Airport Items:

Previous project updates: The landscaper was here to finish the lingering issues from the fuel system project.

ARPA/CRSAA submission: One of the grants has been received. Still awaiting the status of the other.

Hangar security system: Per the COWR IT Dept. the system has been wired and is ready for the finishing touches. Access Security will be here next week Wednesday to finish. They were planning on coming last week but needed one of the invoices to be paid by the library and that took longer than expected.
