

Public Works Capital Improvements

Centralia Parking Lot PROJECT SUMMARY

- **Project Area: 86,000 Sq. Ft.**
- **Construction Year: 2020**
- **Total Cost of Improvements: \$220,000**
- **Classification: Parking Lot**

Project Need

	Install Date	Condition
Pavement	1987	poor
Curb & Gutter	1987	fair

*Costs do not include WWLC material or labor costs.

Pavement Condition

The Centralia Parking Lot was previously constructed in 1987. The pavement structure is at its end of life. The asphalt pavement is no longer flexible, settling and rutting are evident. The curb and gutter sections are faulting along with several areas of missing pieces of curb. Settlement of the curb and gutter has also limited draining which is accelerating the deterioration.
