

HUMAN RESOURCES POLICIES AND PROCEDURES

INTRODUCTION

These policies and procedures have been written to serve as the guide for the employer/employee relationship. The manual is a source of reference for supervisors and employees of the City of Wisconsin Rapids. The manual contains only general information and guidelines and is not intended to be comprehensive or to address all the possible applications of, or exceptions to, the general policies and procedures described. For that reason, if you have any questions concerning eligibility for a particular benefit, or the applicability of a policy or practice to you, you should address your specific questions to the Human Resources Department.

There are several things that are important to keep in mind about this manual:

First, it is a series of policies and procedures that are designed to provide a foundation for consistent human resources administration throughout the City.

Second, to assure the City's ability to respond to changing business needs, regulations and laws, the procedures, policies and benefits described here may be modified or discontinued from time to time. The Human Resources Director will have the primary responsibility to develop, revise, update and discontinue these Human Resources Policies and Procedures; however, every manager, supervisor and employee is strongly encouraged to suggest any revisions or changes. Modifications will be made in writing and the Human Resources Committee and Common Council will approve any modification to these policies. The Human Resources Director will try to inform you of any changes as they occur. Regardless of the date of hire, employees are subject to any amendments, deletions and changes in the manual.

Third, some of the subjects described here are covered in detail in official policy documents. You should refer to these documents for specific information, since this manual only briefly summarizes those benefits. Please note that the terms of the written insurance policies are controlling and if there are any discrepancies between this manual and the insurance documents, the insurance documents supersede the manual.

Fourth, neither this manual nor any other City document, confers any contractual right, either express or implied, to remain in the City's employee. Nor does it guarantee any fixed terms and conditions of your employment. The City of Wisconsin Rapids is an at will employer. No supervisor or other representative of the City has the authority to enter into any agreement for employment for any specified period of time, or to make any agreement contrary to the above, without the approval of the Common Council.

This manual supersedes any previous handbook or written policies.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: APPEARANCE AND HYGIENE

PURPOSE:

To provide employees with appropriate guidelines for personal appearance including the areas of dress, grooming and personal cleanliness standards.

POLICY:

Employees are expected to present a clean and neat appearance and dress according to the requirements of their positions. In the absence of any specific departmental requirements, City employees are expected to dress in a manner that is businesslike and is appropriate and acceptable for the function being performed.

All employees are requested to be aware and conscientious of their personal hygiene, neatness of attire and cleanliness of apparel. Strong odors or excessive use of perfumes or cologne is inappropriate. Sweat pants, shorts, backless clothing, transparent clothing, bare midriffs, and torn, frayed or soiled clothing and/or shoes are examples of inappropriate attire and considered unacceptable.

It is not possible to list all items that may be considered unacceptable and employees are directed to check with their supervisor before wearing anything thought to be questionable. Employees who fail to follow personal appearance and hygiene guidelines will be sent home and directed to return to work in proper form. Under such circumstances, employees will not be compensated for the time away from work.

The City reserves the right to determine the appropriateness of an employee's attire. Failure to comply with this policy may result in disciplinary action, up to and including unpaid suspension and/or termination.

PROCEDURE:

1. Employees should inform supervisors of any problems that might conflict with the personal appearance policy.
2. Employees should apply standards of neatness, practicality and safety in judging what is or is not appropriate appearance or hygiene.
3. Fridays are designated as "Casual Dress Days" in City Hall, which means that employees may wear blue jeans. If Friday is a holiday and City Hall is closed, the Thursday before will be the designated Casual Dress Day. However, if a business meeting is scheduled to take place on a Casual Dress Day,

employees are expected to dress in businesslike attire. The above guidelines apply to Casual Dress Days.

This policy/procedure/manual does not in any way constitute an employment contract; and the City of Wisconsin Rapids reserves the right to amend this policy/procedure/manual at any time, subject to approval by the Common Council.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: ATTENDANCE AND PUNCTUALITY

PURPOSE:

To provide employees with appropriate guidelines regarding employee attendance and punctuality.

POLICY:

To maintain a safe and productive work environment, the City expects employees to be reliable and to be punctual in reporting for scheduled work. Absenteeism and tardiness place a burden on other employees and on the City. The City realizes that the majority of employees take a responsible attitude toward attendance and punctuality and that there are those times when attendance and punctuality might be beyond the control of the employee.

In the rare circumstances when employees cannot avoid being late to work or are unable to work as scheduled, they should notify their supervisor as soon as possible in advance of the anticipated tardiness or absence. A minimum of ½ hour notice is expected. Excessive absenteeism and tardiness are disruptive. Either may lead to disciplinary action, up to and including unpaid suspension and/or discharge.

Employees who are absent from work for three (3) consecutive days without giving proper notice to their supervisors will be considered to have voluntarily resigned.

Employees who report for work in a condition deemed not fit for work, whether for illness or any other reason, will not be allowed to work and may be required to use vacation, personal or sick time.

All employees are required to notify their immediate supervisor of the usage of vacation, floating holidays, sick leave, funeral leave, leave of absence and other paid time off work in advance if the leave is planned. Additionally, employees attending conventions, seminars, training, professional organizations and City business outside the City requires prior notification to the immediate supervisor.

PROCEDURES:

1. Employees should notify their immediate supervisor or designee, in advance, (minimum of a ½ hour advance notice) of any tardiness or absence. Tardiness or lateness is described as arriving to work after the scheduled time, regardless

of how many minutes are involved.

2. An employee who calls in ill after the scheduled work time will also be considered tardy.
3. The City realizes that extenuating circumstances may occur and these will be looked at on a case-by-case basis and taken into consideration when evaluating employee absenteeism and/or tardiness.
4. When appropriate, the supervisor should counsel the employee on the importance of good attendance and warn that continued absences or tardiness will lead to corrective action.
5. An employee is subject to disciplinary action for excessive tardiness and/or absenteeism, up to and including unpaid suspension and/or termination. Normally, employees will be counseled for tardiness. Formal disciplinary action will be initiated for a fourth tardy within a calendar year.

POLICY:

All City employees have a responsibility to help communicate accurate and timely information to the public in a professional manner. Any employee who identifies a mistake in reporting should bring the error to the City Attorney or other appropriate staff. Regardless of whether the communication is in the employee's official City role or in a personal capacity, employees must comply with all laws related to trademark, copyright, software use, etc. Employees must also follow all city policies that may apply. These may include, but are not limited to:

 2. With the exception of routine events and basic information that is readily available to the public, all requests for interviews or information from the media are to be routed through the Mayor's office. Media requests include anything intended to be published or viewable to others in some form such as television, radio, newspapers, newsletters, and websites. When responding to media requests, employees should follow these steps:
 - A. If the request by media is for routine or public information (such as a meeting time or agenda) provide the information.
 - B. If the request is regarding information about City personnel, potential litigation, controversial issues, an opinion on a City matter, or if you are unsure if it is a "routine" question, forward the request to the Mayor's office. *An appropriate response would be, "I'm sorry, I don't have the full information regarding that issue. Let me take some basic information* and submit your request to the appropriate person who will get back to you as soon as he/she can."*
 - C. All communications that refer to the Human Resources area will be referred to the Human Resources Department for investigation and response. Requests from federal and state agencies, such as the Department of Workforce Development, Federal Wage & Hours, NLRB, Department of Commerce, EEOC, etc., should be referred to Human Resources. Additionally, all requests for employment references are to be referred to the Human Resources Department.
- *Ask the media representative's name, questions, deadline, and contact information.

The following guidelines apply to personal communications including various forms such as social media (Facebook, Twitter, blogs, YouTube, etc.), letters to the editor of newspapers, and personal endorsements.
- A. Remember that what you write is public, and will be so for a long time. It may also be spread to large audiences. Use common sense when using email or social media sites. It is a good idea to refrain from sending or posting information that you would not want your boss or other employees to read, or that you would be embarrassed to see in the newspaper.
 - B. The City of Wisconsin Rapids expects its employees to be truthful, courteous and respectful toward supervisors, co-workers, citizens, customers and other persons associated with the City. Do not engage in name-calling or personal attacks.

 - D. City resources, working time, or official City positions cannot be used for personal profit or business interests, or to participate in personal political activity. For example, a building inspector could not use the City's logo, email, or working time to promote his/her side business as a plumber.

E. Personal social media account names or email names should not be tied to the City. (e.g. Using a City email for your personal Facebook account.)

5. Violations of this policy may result in discipline, up to and including unpaid suspension and/or termination.

The intent of this policy is to provide general guidelines about conduct that is inappropriate in the workplace.

Disrespectful or Inappropriate Workplace Behavior may include such actions as: rudeness, angry outbursts, inappropriate humor, vulgar obscenities, name calling, disrespectful language, or any other behavior regarded as offensive to a reasonable person. If an employee is unsure whether a particular behavior is appropriate, the employee should request clarification from his or her Department Head or Human Resources.

Managers and Department Heads will appropriately handle all allegations of inappropriate workplace behavior in a timely manner. If a formal investigation is necessary, Human Resources will conduct the investigation in a timely manner and communicate the findings and resolution to all parties who are involved. The HR Director will notify the Mayor and conduct a timely investigation. Upon conclusion of the investigation, the HR Director and Mayor will make a determination and notify all parties who are involved. Resolution may include disciplinary action, suspension, or termination.

If a Council or Commission member is perceived to be the cause of inappropriate workplace incident involving a City employee, a report will be made to the HR Director and City Attorney. The City Attorney and HR Director will jointly conduct an investigation and report the findings to the Mayor. The Mayor will take a recommendation to the Council, and the Council will take the action it deems to be necessary. If action needs to be taken against a Commission member, the Mayor will work with the appropriate parties who have authority over the Commission. If an Elected Official is perceived to be the cause of an inappropriate workplace incident, the HR Director will work directly with the HR Committee Chairperson and/or a Council member.

3.6 Confidentiality. A person reporting an incident of inappropriate workplace behavior cannot be guaranteed anonymity. However, the person conducting an investigation will be as discreet as possible. All complaints and investigative materials will be stored in a file separate from the employees' personnel files. HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: GRIEVANCE PROCEDURE

PURPOSE:

This policy is intended to comply with Section 66.0509, Wisconsin Statutes, and provides a grievance procedure addressing issues concerning workplace safety, discipline and termination, covered by this grievance procedure. This policy applies to all employees covered under Section 66.0509, Wisconsin Statutes, other than police and fire employees subject to Section 62.13(5), Wisconsin Statutes. This discipline and grievance procedure does not create a legally binding contract or a contract of employment.

POLICY:

This Grievance Procedure provides the employee with the individual opportunity to address concerns regarding workplace safety, employee discipline and termination matters covered by this Grievance Procedure, to have those matters reviewed by an Impartial Hearing Officer, and to appeal to the Common Council. The City of Wisconsin Rapids expects an employee and Supervisor/Department Head to exercise reasonable efforts to resolve any questions, problems or misunderstandings, prior to utilizing the Grievance Procedure. For purposes of this policy, the following definitions apply:

1. "Employee" shall not include employees subject to a collective bargaining agreement addressing employee discipline, termination and workplace safety, statutorily appointed individuals identified specifically in statute as serving at the pleasure of an appointing authority, seasonal employees, temporary or limited term employees, elected officials and independent contractors.
2. "Employee discipline" means an employment action that results in disciplinary suspension with or without pay, disciplinary termination, or disciplinary demotion, but does not include the following items:
 - Oral reprimands or warnings;
 - Written reprimands or warnings;
 - Performance evaluations or reviews;
 - Non-disciplinary wage, benefit or salary adjustments;
 - Placing an employee on a paid administrative leave pending an internal investigation;
 - Counselings, meetings or other pre-disciplinary action;
 - Actions taken to address work performance, including use of a performance improvement plan or job targets;
 - Non-disciplinary demotion, transfer or change in job assignment or assignment location;
 - Documentations of employee acts or omissions;
 - Action taken pursuant to an ordinance created under Statute 19.59(1m).
3. "Employee termination" means separation from employment by the employer for misconduct or performance reasons, but shall not include the following personnel actions:

- Voluntary quit or resignation;
 - Furlough;
 - Layoff or failure to be recalled from layoff at the expiration of the recall period;
 - Job transfers or non-disciplinary demotions;
 - Job abandonment, "no-call, no-show", or other failure to report to work;
 - Termination of employment due to medical condition, lack of qualification or license, or other inability to perform job duties;
 - Action taken pursuant to an ordinance created under s. 19.59 (1m);
 - Retirement;
 - End of employment and/or completion of assignment of temporary, seasonal; contract or part-time employees;
 - Death.
4. "Workplace safety" shall be narrowly construed and not construed to include basic conditions of employment unrelated to physical health and safety. "Workplace Safety" means conditions of employment related to the physical health and safety of employees, as long as such conditions are not enforceable under state or federal law, and includes safety of the physical work environment, the safe operation of workplace equipment and tools, provision of protective equipment, training and warning requirements, workplace violence and accident risk. "Workplace safety" does not include conditions of employment unrelated to physical health and safety matters, including, but not limited to, hours, overtime, sick, family, or medical leave, work schedules, breaks, termination, vacation, performance reviews, and compensation.

PROCEDURES:

1. Employees should first discuss complaints or questions with their immediate supervisor. Every reasonable effort should be made by supervisors and employees to resolve any questions, problems or misunderstandings that have arisen before filing a grievance.
2. Written Grievance Submission: The employee must file a written grievance within ten (10) working days (Saturdays, Sundays, and holidays excluded) of the employee discipline, employee termination or actual or reasonable knowledge of the workplace safety issue. The grievance must be in writing and must be filed with the Department Head and with a copy to the Human Resources Director. The grievance shall contain a clear and concise statement of the pertinent facts, the dates the incidents occurred, the identities of the persons involved, documentation related to the grievance in possession of the grievant, the steps taken to informally resolve the dispute and the results of those discussions, all reasons why the actions of the supervisor should be overturned, if applicable, and the remedy that should be issued. A grievance alleging a workplace safety issue shall also identify the workplace rules allegedly violated if applicable. The Department Head or his/her designee will investigate the facts giving rise to the grievance and inform the employee of his/her decision, if possible, within ten (10) working days (Saturdays, Sundays and holidays excluded) of receipt of the grievance. In the event the grievance involves the Department Head, the employee may initially file the grievance with the Human Resources Director, who shall conduct an investigation.
3. Review by Human Resources Director: If the grievance is not settled, the employee may appeal the grievance to the Human Resources Director within ten (10) working days

(Saturdays, Sundays and holidays excluded) of the receipt of the decision of the Department Head. The Human Resources Director or his/her designee will meet with the Grievant within ten (10) working days (Saturdays, Sundays and holidays excluded) of receipt of the written grievance to discuss voluntary resolutions of the grievance. If those discussions do not resolve the grievance, then the Human Resources Director will provide a written response to the grievance within ten (10) working days (Saturdays, Sundays and holidays excluded) of the meeting. The written response shall contain a statement of the date the meeting between the Human Resources Director and the Grievant occurred, the decisions to sustain or deny the grievance, and the deadline for the Grievant to appeal the grievance to an Impartial Hearing Officer.

4. Impartial Hearing: The response of the Human Resources Director shall be final, unless the Grievant files a written appeal requesting a hearing before an Impartial Hearing Officer. The written appeal shall be filed with the Human Resources Director within five (5) working days (Saturdays, Sundays and holidays excluded) of the response. The City shall provide the Grievant with a list of names of persons who are available to serve as an Impartial Hearing Officer. The City and Grievant shall select a name from the list. If the parties cannot mutually agree on an Impartial Hearing Officer from the list, then the parties shall strike names from the list with the Grievant striking the first name. The remaining name shall be selected and assigned as the Impartial Hearing Officer. Any associated costs will be split between the City and the Grievant. The Impartial Hearing Officer shall not be a City employee.

Depending on the issue involved, the Impartial Hearing Officer will determine whether a hearing is necessary, or whether the case may be decided based on a submission of written documents. The City Administration, the Grievant and the Impartial Hearing Officer shall select a date for hearing or submission of written documents absent a hearing within 30 working days (Saturdays, Sundays and holidays excluded) from the date of the written appeal.

The Grievant shall have the right to representation during the grievance procedure at the Grievant's expense. The representative shall not be a material witness to the dispute.

The Impartial Hearing Officer shall conduct the proceedings and make a record of the proceedings. Following the issuance of the response, the record shall be provided to the Human Resources Director for preservation.

The Grievant shall bear the burden of production and burden of proof. The rules of evidence shall not be strictly followed, but no factual conclusions may be based solely on hearsay evidence.

After receiving the evidence and closing the hearing, the Impartial Hearing Officer shall issue a written decision within ten (10) working days (Saturdays, Sundays and holidays excluded) of the close of the hearing. The decision shall contain findings of fact, analysis and a recommendation. The Impartial Hearing Officer must answer the following question: Based on the preponderance of the evidence presented, has the Grievant proven the decision of the City Administration was arbitrary or capricious?

The Impartial Hearing Officer shall have the power to sustain or deny to the grievance. The Impartial Hearing Officer shall have no power to issue any remedy, but the Impartial Hearing Officer may recommend a remedy. Remedial authority shall be subject to the determination and approval of the Common Council, and shall be addressed by the governmental body in the event the grievance is sustained.

5. Written Appeal: The non-prevailing party may file a written request for review by the Common Council within ten (10) working days (Saturdays, Sundays and holidays excluded) of the receipt of the written decision from the Impartial Hearing Officer. A written notice of appeal shall contain a statement explaining the reasons for the appeal and a copy of the grievance, City Administration's response to the grievance and the Impartial Hearing Officer's decision. The written notice may not include information that was not presented at the Hearing. The request shall be filed with the Human Resources Director. Upon appeal of the decision of the Impartial Hearing Officer, a copy of the record shall be provided to the members of the Common Council.

6. Review by Governing Body: The Common Council shall make a decision regarding whether or not a meeting will be held within thirty (30) working days (Saturdays, Sundays and holidays excluded) of the appeal. The City Council shall not take testimony or evidence; it may only determine whether the Impartial Hearing Officer reached an arbitrary or incorrect result based on a review of the record before the Hearing Officer. A decision by the governmental body will be made within sixty (60) working days (Saturdays, Sundays and holidays excluded) of the filing of the appeal unless the governmental body extends this timeframe. All decisions of the governing body involving the grievance shall be by simple majority vote and in writing and filed with the City Clerk of the governmental body within five (5) business days of the date of the final decision. A copy of the final decision shall be delivered to the Grievant and the Human Resources Director. The Common Council's decision is final and is not subject to appeal.

7. Limitations of the Scope of the Grievance Procedure: The scope of a grievance that is subject to the jurisdiction of a governmental body or specific procedure by other Wisconsin Statutes shall be governed by those statutes and not the Grievance Procedure. The scope of a grievance that is subject to a grievance procedure in a collective bargaining agreement may not be brought forth under this policy. The scope of a grievance that is subject to other policy or ordinance for formal or informal investigation or dispute resolution procedures may not be brought forth under this policy.

8. Importance of Timelines and Process: A grievance will be processed pursuant to the established timelines. A Grievant may advance a grievance to the next step if a response is not provided within the designated timeframes. A Grievant may not file or advance a grievance outside of the designated timeframes. The Human Resources Director may advance a grievance to the next step, at the written request of either the Grievant or City Administration. The timelines may be modified by mutual agreement of the Grievant and City Administration. If the Grievant fails to meet the deadlines set forth above, the grievance will be considered resolved. If it is impossible for the City to comply with deadlines due to meeting notice requirements or meeting preparation, the grievance will be reviewed at the next possible meeting date.

Grievance meetings and hearings will typically be held during the Grievant's off-duty hours. Time spent in grievance meetings and hearings will not be considered a compensable work time.

Any grievance filed regarding workplace safety must relate to issues personal to the Grievant filing the grievance and may not relate to, without limitation by enumeration, safety of property or third parties. A grievance filed regarding workplace safety must be filed by the grievant claiming he or she has been personally affected by the alleged workplace safety violation.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: AMERICANS WITH DISABILITIES ACT

PURPOSE:

To provide employees with appropriate guidelines regarding compliance with the Americans with Disabilities Act (ADA) of 1990, The Americans with Disabilities Act Amendments Act (ADAAA) of 2008, and Federal and State of Wisconsin law.

POLICY:

The City is committed to complying with all applicable provisions of the Americans with Disabilities Act (ADA) of 1990, The Americans with Disabilities Act Amendments Act (ADAAA) of 2008 and Federal and State of Wisconsin law. It is the City's policy not to discriminate against any qualified employee or applicant with regard to any terms or conditions of employment because of such individual's disability, or perceived disability, so long as the employee can perform the essential functions of the job. Consistent with this policy of nondiscrimination, the City will provide reasonable accommodations to a qualified individual with a disability, as defined by the ADA, ADAAA, and Federal and State of Wisconsin law who has made the City aware of his or her disability, provided that such accommodation does not constitute an undue hardship on the City.

Employees with a disability who believe they need a reasonable accommodation to perform the essential functions of their job should contact the Human Resources Department so that the "interactive process" (process for the City and individual requesting the accommodation to engage in discussing physical or mental abilities and limitations as they relate to the job's essential functions and to determine possible job accommodations) may begin. The City encourages individuals with disabilities to come forward and request reasonable accommodation.

It is the policy of the City of Wisconsin Rapids to provide a review process to job applicants of the City who have a qualifying disability under ADA and to current employees who become disabled while in the employment of the City. If such disabled job applicant or employee is qualified for the position and has been rejected due to his/her disability, or a reasonable accommodation is refused, the job applicant/employee may appeal the decision to the ADA Advisory Subcommittee for review. The purpose of this review shall be to find a mutually acceptable solution to both parties.

PROCEDURES:

1. On receipt of an accommodation request, either verbally or in writing, the Human Resources Director and the employee's supervisor will meet and engage in the "interactive process" with the employee to discuss and identify the precise limitations resulting from the disability and the potential accommodation that the

City might make to help overcome the limitations. An "Accommodation Request" form should be completed.

2. All requests for accommodation will be reviewed on a case-by-case basis and the City may provide a reasonable accommodation that allows the qualified individual with a disability to achieve the same level of job performance as other similarly skilled employees. The City is not obligated to provide an accommodation that causes an undue hardship on the City. The City will determine the feasibility of the requested accommodation, considering various factors, including, but not limited to: the nature and cost of the accommodation, the City's overall financial resources and organization, the accommodation's impact on the operation of the City, the accommodation's impact on the ability of other employees to perform their duties, and the City's ability to conduct business. Types of accommodations that will be considered, but not limited to, are: Modifying a written exam or other test; adjusting work schedules; restructuring a job; reassignment to a vacant position; making facilities readily accessible; acquiring or modifying equipment or devices; training material or policies, and/or providing qualified readers or interpreters.
3. The City will inform the employee of its decision on the accommodation request or on how to make the accommodation. If the accommodation request is denied, the employee will be advised of his/her right to appeal the decision to the ADA Advisory Subcommittee for review.
4. The ADA Advisory Subcommittee will meet with the applicant/employee, and the Human Resources Director or City representative, to determine the facts and make a recommendation to the applicant/employee and the City Human Resources Committee.
5. The recommendation of the ADA Advisory Subcommittee shall not be binding on either party, and either party may pursue the matter through other legal courses.
6. The ADA does not require the City to make the best possible accommodation, to reallocate essential job functions, or to provide personal use items (i.e., eyeglasses, hearing aids, wheelchairs, etc.)

This policy/procedure/manual does not in any way constitute an employment contract; and the City of Wisconsin Rapids reserves the right to amend this policy/procedure/manual at any time, subject to approval by the Common Council.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: **TIMEKEEPING**

PURPOSE:

To provide employees with guidelines for maintaining accurate records of all hours worked and all paid and unpaid time off.

POLICY:

The City will abide by all federal and state laws pertaining to timekeeping. The laws require the City to keep an accurate record of time worked, so that pay and benefits are calculated appropriately.

Employees are required to accurately record time worked, including all time spent on the job, performing duties. All time off must be accurately recorded. Hourly and non-exempt employees must also record meal times, if the meal time is not paid. **OVERTIME WORK MUST ALWAYS BE APPROVED IN ADVANCE, BEFORE IT IS PERFORMED.** Hourly and non-exempt employees are not to begin working or punch in prior to ten (10) minutes of start time or punch out more than ten (10) minutes after ending time.

The employee is required to sign his/her timecard/timesheet and any Payroll Action form. Payroll Action forms are to be used to record any time off and any compensatory time earned and/or time off. The immediate supervisor is required to review the signed timecard/timesheet and approve it with his/her signature. The supervisor's signature indicates approval, and Payroll will process the time exactly as it is recorded. It is the supervisor's responsibility to verify that any time off is in accordance with the applicable policy and that the employee is entitled to the time off per policy and per available accrued balances. However, supervisors cannot designate time off, whether paid or unpaid, for leave under the Family Medical Leave Act (FMLA). FMLA may only be designated by the Human Resources Director or designee.

Altering, falsifying, tampering with time records, or recording time on another employee's time record may result in disciplinary action, up to and including unpaid suspension and/or termination of employment. Failure of employees to submit accurate and complete time records on a timely basis may delay the processing of the employee's paycheck as permitted by state law.

PROCEDURE:

Remote Work

1. SCOPE

This policy applies to all employees who may be approved to work remotely on a limited basis. This policy covers remote access connections used to do work on behalf of the City.

2. PURPOSE

To establish criteria and expectations for employees with limited remote work arrangements. In general, remote work will only be approved for short-term, limited situations.

Remote work is not an entitlement or a benefit, and it in no way changes the at-will nature of the employment or the other terms and conditions of employment with the City. Remote work will be permitted at the discretion of Department Heads and the Mayor in accordance with this policy.

Remote employees are subject to confidentiality and security requirements, as well as all City policies. Remote employees must take precautions to avoid unauthorized disclosures of proprietary or confidential information which may be exempt from public disclosure.

3. POLICY BODY

Subject to approval as provided herein, employees are permitted to work remote for a limited time period under the following scenarios:

3.1. During inclement weather if the employee has a considerable commute (i.e. more than a 25-minute drive to work). Factors used to determine inclement weather may include school cancelations or closings or severe winter weather advisories.

3.3. If an employee is tasked with an IT maintenance or update function that needs to be done during non-work hours when other employees are not accessing the system.

3.4 During a serious health outbreak (pandemic) as declared by the CDC.

3.5 Other extenuating circumstances may be taken into consideration but will be subject to approval by the Mayor.

4. Approval of a remote work arrangement

4.1 Department heads who wish to work remotely on a limited basis must receive prior approval from the Mayor.

POLICY

4.2 Department Heads may only approve limited remote work arrangements for employees who exhibit acceptable work performance and work behaviors. Managers must seek approval from their Department Head before approving any remote work situation for one of their employees.

4.3 Department Heads allowing employees to work remotely for one of the limited reasons listed above are responsible for managing, monitoring and reviewing all aspects of the limited remote work arrangement.

4.4 A remote work arrangement cannot be used as an alternative for family medical leave or to allow an employee to stay at home for personal reasons such as the employee's own illness or a child's illness, or to provide childcare or other non-work related obligations of the employee.

4.5 Employees who work from a remote location are held to the same confidentiality and security requirements as all other staff. Employees who work remote must take adequate precautions to safeguard and secure City computers and portable devices.

4.6 If a manager or Department Head places an employee on a performance improvement plan, remote work will not be approved.

4.7 It is the employee's responsibility to protect their user credentials to prevent unauthorized users from accessing the City network or City property. Any user authorized with remote access bears responsibility for the consequences should the access be misused. At no time should any user provide their login or email password to anyone, including family members.

4.8 Hourly employees who work remote must record all hours worked in order to be in compliance with all Federal and State wage and hour laws.

POLICY:

Hourly and salaried non-exempt employees may elect to receive compensatory time off instead of overtime pay. Compensatory time off will be credited at the same premium rate earned if paid. Although there is no limit on the amount of hours banked within a year, there is no guarantee that compensatory time banked can be granted as time off. A maximum of fifty (50) hours of compensatory time will be allowed to be carried from one calendar year to the next year. Any compensatory balance in excess of fifty (50) hours at year end will be paid. All compensatory time off must be approved by the employee's Department Head. HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: EXEMPT EMPLOYEE PAY

PURPOSE:

To provide information to exempt employees regarding FLSA rules governing their pay.

POLICY:

In accordance with the Fair Labor Standards Act regulations, exempt employees who are required to be paid on a salary basis may not have their pay reduced for variations in the quantity or quality of work performed. Employees who feel their pay has been improperly reduced should report this immediately following the procedures specified below.

Provisions Mandated by the Salary Basis Rules

1. Exempt employees normally must receive their full salary for any week in which they perform any work, without regard to the number of days or hours worked. However, exempt employees need not be paid for any workweek in which they perform NO work at all for the organization.
2. Deductions from pay cannot be made as a result of absences due to the circumstances listed below. Such improper pay deductions are therefore specifically prohibited by the City of Wisconsin Rapids regardless of the circumstances. Managers or supervisors violating this policy will be subject to investigation of their pay practices and appropriate corrective action in accordance with normal procedures.
 - a. Jury duty.
 - b. Attendance as a witness.
 - c. Temporary military leave.
 - d. Absences caused by the employer.
 - e. Absences caused by the operating requirements of the business.
 - f. Partial day amounts other than those specifically discussed below.
3. The few exceptions to the requirement to pay exempt employees on a salary basis are listed below. In these cases deductions may be permissible as long as they are consistent with other City policies and practices.

- a. Absences of one or more full days for personal reasons other than sickness or disability (partial days must be paid).
- b. Absences of one or more full days due to sickness or disability. If the employee is not yet eligible for the sick leave or has exhausted his or her other paid leave benefits.
- c. Fees received by the employee for jury or witness duty or military leave may be applied to offset the pay otherwise due to the employee for the week. No deductions can be made for failure to work for these reasons, however.
- d. Penalties imposed by infractions of safety rules of major significance.
- e. Unpaid disciplinary suspensions of one or more weeks in accordance with City of Wisconsin Rapids' disciplinary policy.
- f. Deductions for the first and last week of employment, when only part of the week is worked by the employee, as long as this practice is consistently applied to all exempt employees in the same circumstances.
- g. Deductions for unpaid leave taken in accordance with a legitimate absence under the Family and Medical Leave Act.

Complaint Procedure

1. Employees who believe their pay has been improperly reduced should contact Beth Bakunowicz, Human Resources Director, or Tim Desorcy, Business & Finance Manager, immediately to request an investigation.
2. The employee will be asked to specify in writing, using the guidance above, the circumstances of the pay deduction and whether it has occurred on other occasions.
3. The City of Wisconsin Rapids will review pay records and interview the appropriate supervisor or manager, as well as the payroll representatives handling the employee's pay, to determine if the allegation is correct.
4. If the deduction was in fact improper, the City will reimburse the employee as promptly as possible (but in no case longer than two pay periods from the identification of the problem).
5. The individual(s) responsible for the error will be investigated further to determine if this was an isolated incident or a pattern of conduct that requires

further action on the part of the City. If warranted, the responsible person(s) will be held accountable for the error(s) made consistent with City disciplinary policy.

6. The resolution of the situation will be documented (including confirmation on the part of the employee that the situation has been resolved) and placed with the employee's pay records.
7. Following the identification of such a problem, the City will establish a practice to regularly audit employee pay records to ensure no further issues arise.

Overtime and On-Call Pay

1. SCOPE

This policy applies City employees who are classified as hourly or salaried non-exempt. This policy does not apply to City employees who are classified as salaried.

2. PURPOSE

To establish guidelines governing overtime and on-call compensation and ensure compliance with the Federal and State Wage and Hour laws.

3. POLICY

3.1 **General Overtime.** Overtime compensation is paid to all hourly and salaried non-exempt employees. Overtime pay is based on actual hours worked. Time off for sick leave, vacation, personal time, holidays, compensatory time, or any leave of absence will not be considered hours worked for purposes of performing overtime calculation.

All hourly employees will receive pay at the rate of one and one-half (1.5) times their regular hourly rate for all hours actually worked in excess of forty (40) hours per week. Street Department employees and Relief Supervisors will receive overtime pay for over 40 hours per week or eight (8) hours per day. If normal work schedule is ten (10) hours per day, overtime will be paid for time worked in excess of ten (10) hours per day for Street Department employees and DPW Relief Supervisors.

All overtime must be pre-approved by a Supervisor. If an employee works overtime without approval, the employee will be paid for all hours worked but will be subject to disciplinary action.

Employees performing Zookeeper and Park bathroom duties on the weekend will receive overtime pay at 1.5 times their normal base rate of pay, regardless of the number of hours worked during the week. A Supervisor must pre-approve any time worked in excess of two (2) hours for zookeeper or bathroom duties.

3.2 **Straight Time for Fire Captains and Police Lieutenants.** Captains and Police Lieutenants may be paid at the equivalent straight-time rate (annual salary divided by annual hours normally worked - 2080 for Captains and 2046 for Police Lieutenants) for hours worked in excess of their normal scheduled hours (over 56 hours for Captains and over 12 hours per day for Police Lieutenants), if assigned by a higher level of management to directly supervise subordinate hourly employees, or if required to attend training along with hourly employees for the purpose of job

POLICY

certification. Employees in this group may elect to receive time off, on an hour-for-hour basis, instead of straight-time pay, for the additional hours worked. In addition, Captains will be compensated if they are required to render patient care during an ambulance call. The rate of pay is \$20.00 per day.

3.3 Straight time for DPW front-line supervisors. First-line DPW supervisors may be paid at the equivalent straight-time rate for hours worked in excess of 40 hours per week

3.4 Comp Time in lieu of overtime pay. Employees who qualify for overtime pay have the option of receiving payment for the time worked as cash, or banked as compensatory time for use as time off during the remainder of the calendar year. To bank hours, an employee must notify his/her Department Head when the timecard is submitted for review and approval. Refer to the "Compensatory Time Off" policy for further information.

3.5 Work on Sundays. All time worked on Sundays, except for work at the Wastewater Plant where Sunday is a regular workday, will be paid at two (2) times the regular hourly rate.

3.6 Holidays. Holidays will be paid at two (2) times the regular hourly rate of pay. Holiday pay is in addition to pay for time worked (when an employee works on a holiday).

3.7 On-Call Pay for DPW Relief Supervisors. DPW Relief Supervisors will receive \$30 per day when they are on call (in addition to their Relief Supervisor hourly rate when they work as Relief Supervisor).

3.8 Call-Back Pay. Engineering Technicians and DPW employees called to return to work outside of the regularly scheduled hours of work shall receive two (2) hours of call-back pay, in addition to the time for the hours actually worked. All call-backs will take place according to departmental policy.

DPW first-line supervisors shall be paid two (2) hours' pay at straight time if they are called in to work at any time other than his/her established work schedule (this does not include weekends when the first-line supervisor is scheduled to be on-call).

3.9 On-Call Pay for Wastewater Operators. Wastewater Operators will receive \$30 per day when they are on call. Wastewater Operators will use a city owned electronic device, that allows them to remotely assess and clear alarms. If a Wastewater employee needs to conduct follow up work remotely in response to an alert, he/she will be paid for all hours worked (in addition to \$30). Wastewater Operators are eligible for the two-hour minimum call-back pay (under 3.8) when they need to return to the Wastewater facility to conduct work.

3.10 Call-Back for Captains and Lieutenants. Captains will be compensated for call-in time as follows: Three (3) hours at the Captain's rate, (as described in Section 3.2 above), for the first hour, and then the rate described in Section 3.2 above for each hour worked after the first hour. Lieutenants will be compensated for call-in time as follows: Two (2) hours at the Lieutenant's rate, (as described in Section 3.2 above), plus pay for the actual hours worked, as described in Section 3.2 above.

POLICY

Pay Provisions/ Administration for Non-Union Positions

1. SCOPE

This policy applies to non-union City employees.

2. PURPOSE

To establish pay guidelines for new hires, promotions, lateral transfers, demotions, reclassifications, additional pay, temporary appointments, and shift differential.

3. POSITION STATEMENT

The administration of the pay provisions shall be the responsibility of the Human Resources Director. The Human Resources Director shall make an annual review of all salary adjustments to be effective on January 1 of each year. All recommendations for adjustments are to be made to the Human Resources Committee, the Finance Committee for adjustments not budgeted, and confirmed by the Common Council. The goal of the pay plan is to pay employees at the market rate. However, the total compensation program, including other benefits such as, but not limited to, vacation, sick leave, retiree and active health benefits, will be taken into consideration when determining pay levels. The Human Resources Director may resurvey the market rates of benchmark positions periodically (every 3-4 years) to realign the system.

4. POLICY

1. Recruitment/Retention Salary Adjustments

There may be some instances where the City may experience difficulties in attracting and retaining quality employees because of market conditions.

- a. The Human Resources Director or designee will “market rate” these positions by conducting a salary survey, ensuring that appropriate position comparisons are being made.
- b. The grade placement of the position will not change (since job evaluation points reflect internal equity), but the salary may be adjusted to reflect the market rates until such time as “the market” is captured by the new structure.

2. Salary for New Hires into Existing Classifications

- a. All positions will be advertised using the minimum of the range to the midpoint of the range.
- b. A new employee shall be hired at the pay range minimum rate of the pay grade for his/her classification whenever possible.
- c. A new employee may be hired at a rate up to and including step 3 of the pay grade for his/her classification for such reasons as market conditions, or the employee's experience exceeds stated requirements, if approved by the Department Head.
- d. A new employee may be hired at a rate above step three if approved by the Human Resources Director.
- e. A new employee may be hired at a rate above Step 6 (midpoint) of the pay grade for his/her classification, for such reasons as market conditions, or the employee's experience exceeds stated requirements, only with advance approval of the Human Resources Committee.
- f. Employment begins with an introductory period. An introductory period is a try-out time for the employee. The introductory period shall be six months from the most recent date of hire. The employee will be eligible for a step increase after six months of successful performance.

3. Salary for New Positions

- a. In the event that an employee is to be assigned to a newly created classification, or the City creates a new position not falling within an established classification, a job description shall be developed and evaluated, using a standard job evaluation method, so the classification and appropriate pay grade can be determined.
- b. The suggested grade level will be considered by the Human Resources Committee for recommendation to the Common Council.

4. Promotional Increases

- a. An employee who is promoted from a classification in one pay grade to a classification in a higher grade shall receive at least the minimum of the range or a minimum of a five percent increase over current pay. The increase may be more than five percent, depending on qualifications and experience.
- b. The promoted employee will be eligible for a step increase after six months of successful performance.

5. Transfers

- a. An employee who transfers, or is transferred from one classification to another classification in the same pay grade, shall receive no salary adjustment.

6. Involuntary Demotion – Non Performance Related

- a. An employee who is demoted from a classification in one salary grade to a classification in a lower salary grade for non-performance reasons shall be placed on a step in the new salary grade closest to, but not lower than, the rate the employee was receiving when the demotion occurred.
- b. If the employee's salary at the time of demotion exceeds the new range maximum, the employee shall retain his/her present salary; and such employee shall not be eligible for further base-accumulating increases until his/her salary is again with the salary for the new position.

7. Involuntary Demotion Related to Performance

- a. An employee who is demoted from a classification in one salary grade to a classification in a lower salary grade for performance reasons shall be placed on a step in the new salary grade closest to, but not higher than, the rate the employee was receiving when the demotion occurred.
- b. If the employee's salary at the time of demotion exceeds the new pay range maximum, the employee's salary shall be adjusted to the new pay range maximum.

8. Voluntary Demotion

- a. An employee accepting a voluntary demotion from a classification in one salary grade to a classification in a lower salary grade shall be placed in the new salary grade on the step closest to his/her current pay, if the employee's salary at the time of demotion is below the new pay range maximum.
- b. If the employee's salary at the time of demotion exceeds the new range maximum, the employee's salary shall be adjusted to the new maximum.

9. Position Reclassification to a Higher Salary Grade

- a. An employee in a position which has been reclassified from one salary grade to a higher salary grade shall be placed in the new salary grade at the minimum rate.
- b. If the employee's salary is above the new range minimum, and is below the new range maximum, the employee shall be placed on a step in the new salary grade closest to, but not lower than, the rate the employee was receiving prior to the reclassification.
- c. If the employee's salary exceeds the new range maximum, the employee shall

retain his/her present salary.

10. Position Reclassification to a Lower Salary Grade

- a. An employee in a position which has been reclassified from one salary grade to a lower salary grade shall be grandfathered in his/her current salary grade and step.
- b. If the employee's salary at the time of the reclassification exceeds the new range maximum, the employee shall retain his/her present salary, and such employee shall not be eligible for further base-accumulating increases until his/her salary is again within the new salary range.

11. Salary Increases and Additional Pay

- a. Non-Union employees below the mid-point of their range (step 6) will receive a step increase on the annual anniversary of employment, provided performance is meeting expectations, as indicated in the performance evaluation, until the mid-point of the range (step 6) is achieved.
- b. If an employee is temporarily assigned additional responsibilities of a significant nature and/or fills in for a vacancy of a Department Head, he/she may be eligible for additional pay in the form of a lump sum payment. The vacancy of a Department Head must be for at least six weeks in order to be considered for additional pay. The lump sum amount shall be determined by the HR Committee and shall not exceed \$400 per month. A request for the employee to receive additional pay may be made by a Department Head, the Mayor, or an Alderperson. Prior to determining the amount of a lump sum payment, the employee shall document all additional responsibilities and increase in workload and forward this to the HR Committee for consideration. Upon receipt, the HR Committee may approve additional pay, deny the request, or request additional information from the employee. Prior to approval, the HR Committee shall verify that additional funds are available with the Director of Finance. If a lump sum payment is approved by the HR Committee, it shall be paid when temporary responsibilities end and/or when a new Department Head is hired.

12. Temporary Appointments

- a. Employees temporarily appointed to positions of a higher classification shall receive at least the minimum of the new salary grade range or be placed in the step of the new pay grade that provides a minimum of a five percent increase over current pay, whichever is greater, for the duration of the appointment, with prior approval of the Human Resources Director.
- b. The Human Resources Committee and Common Council must approve all temporary appointments at the Department Head level. Temporary

Employees responding to call-in or emergency work shall not receive the nights shift differential pay.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: PAY DAYS AND PAYCHECKS

PURPOSE:

To establish payroll periods and pay dates.

POLICY:

Employees of the City receive an annual salary, which is paid on a biweekly basis, with payday every other Thursday. Salary is computed through the Sunday preceding each payday. In a normal year, there are 26 pay periods; however, some years have 27 paydays in the calendar year. In such a year, the biweekly salary is determined by dividing the annual salary by 27.

PROCEDURES:

1. Exempt Non-Union Salaried Employees

An exempt salaried employee's biweekly salary rate is computed by dividing the annual salary by the number of pay periods in the year.

2. Non-Exempt Non-Union Employees

A salaried non-exempt employee's hourly rate is determined by dividing the annual salary by the total number of paid hours in the normal work year. The normal hours per year are 2,080, except for Assistant Fire Chiefs, whose normal annual hours are 2,912, and Police Lieutenants whose annual hours are 2,046.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: POSITION CLASSIFICATION

PURPOSE:

To establish a formal classification plan and pay structure which demonstrates both internal and external equity.

POLICY:

All positions will be evaluated by use of a Point-Factor Job Evaluation System. The relative worth of every job will be determined by using the same set of criteria. The results of this methodology will then be integrated with the results of wage and salary survey data to establish a classification plan and pay structure.

PROCEDURES:

1. Job descriptions will be developed for new positions and for positions which have experienced a change in responsibilities or duties.
 - a. Human Resources will provide Employee Position Questionnaires for the position incumbent(s) to complete.
 - b. Completed Employee Position Questionnaires will be forwarded to the incumbent(s)' immediate supervisor(s) for review.
 - c. The immediate supervisor(s) will review the Employee Position Questionnaire(s) and provide additional information and/or comments to the Questionnaire(s). The supervisor(s) will discuss this additional information with the job incumbent(s).
 - d. The completed Questionnaire(s), with the supervisor's comments and signature, will be forwarded to Human Resources.
 - e. The job incumbent(s) and/or supervisor may be interviewed by Human Resources or designated representatives, regarding the completed Employee Position Questionnaires.
 - f. A job description will be developed by Human Resources or designated representative.
2. The position will be evaluated using a point-factor rating system.
 - a. The current classification system includes three work requirement factors with each factor possessing nine degrees of difficulty. The three factors are: data utilization; human interaction; and machinery, equipment, and materials. The system also includes ten aptitude requirement factors. These ten factors are:

Verbal Development
Mathematical Development
Functional Reasoning Development
Situational Reasoning Development
Dexterity Development
Physical Development
Sensory Development
Experience Related Vocational Development
Educational Related Vocational Development
Environmental Adaptability Development

Finally, the system includes three responsibility factors with appropriate degrees of difficulty. The three responsibility factors are:

Span of Control
Time Span of Discretion
Budgetary Accountability

- b. A grade level, based on the job evaluation and consistent with existing positions, will be recommended by the job evaluator. The suggested grade level will be considered by the Human Resources Committee for recommendation to the Common Council.
- c. A Position Classification Index listing all positions, grades and rankings with other positions will be maintained.

The Human Resources Director may review the Position Classification Plan or any single position or group of positions as often as may be necessary to insure the plan accurately reflects the current value of positions. The Human Resources Director may amend and/or update the Plan with the Human Resources Committee and the Common Council's approval.

HUMAN RESOURCES POLICIES AND PROCEDURES

**SUBJECT: CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT
(COBRA)**

PURPOSE:

To provide employees with appropriate guidelines regarding complying with the Federal Consolidated Omnibus Budget Reconciliation Act (COBRA), which gives employees and their qualified dependents the opportunity to continue health and dental insurance coverage when circumstance would normally result in the loss of eligibility.

POLICY:

The Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under the City's health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; or a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at the City's group rates, plus an administration fee.

The City provides each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under the City's health insurance plan. The notice contains important information about the employee's rights and obligations.

PROCEDURES:

1. Employees should notify Human Resources within sixty (60) days of a qualifying event such as:
 - a. Divorce or legal separation
 - b. Medicare eligibility
 - c. Dependent child exceeding the age limit
 - d. Disability at time of termination or reduction in hours
2. Employees will complete a Continuation of Coverage Election Form within sixty (60) days of notification or termination date.
3. Employees need to follow all instructions for making premium payments and receiving converted insurance coverage.

4. Human Resources will notify employees or eligible dependents effected by “qualifying events” within 14 days of the event and retain copies of the notification in the employee’s personnel record.
5. Human Resources will provide the employee with a Continuation of Coverage Election Form and a premium information sheet.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: **Deferred Compensation 457(b) Plan**

PURPOSE:

To provide guidelines for the plan administration of the Deferred Compensation 457(b) Plans.

POLICY:

A Deferred Compensation Plan is a Section 457(b) supplemental deferred compensation plan that provides a tax-favored vehicle for participants to save for retirement. These plans allow employees to save and invest before-tax and after-tax dollars through voluntary paycheck contributions, supplementing any existing retirement/pension benefits. Participation is strictly voluntary.

The City's Plan investment objective is to make available a broad range of diversified investment options that have varying degrees of risk and return. Individual participants vary in their level of risk tolerance. Because participants direct their own investments, the plans will offer a wide spectrum of investment options, all with varying levels of risk and return. Risks associated with the investment options can vary significantly within each investment category and the relative risks of categories may change under certain economic conditions.

The City currently works with Nationwide Retirement Solutions to service the City's Deferred Compensation Plan. The State of Wisconsin also offers a Deferred Compensation Plan, the Wisconsin Deferred Compensation (WDC) Program, of which City employees may participate in. Great West Financial Services currently services the WDC program. The service providers will provide participant education and counseling to guide participants in their selection of investment options. Participants may design an investment plan from the options that best meet their individual needs.

Employees interested in participating in a Deferred Compensation Plan may only participate in one Plan, not both. Information regarding both plans and investment options can be found in the respective booklets provided to an employee at the time of hire or as requested, from Human Resources.

The City's Human Resources Committee will review service providers and fees for the City's Plan at least annually. Additionally, the City has entered into an Investment Fiduciary Service agreement with Morningstar Associates, LLC and Nationwide Life Insurance Company. As part of this agreement, Morningstar Associates, LLC acknowledges its role as a fiduciary, as defined in Section 3(21)(A)(ii) of the Employee Retirement Income Security Act of 1974 ("ERISA"), with respect to the selection and ongoing monitoring of the Plan's Fund Lineup.

The menu of investments under the State WDC program is selected and monitored by a governor-appointed Deferred Compensation Board, who ensures that the WDC program offers a well-diversified array of high quality investment opportunities over time. The Human Resources Committee acts solely for the exclusive benefit of City Plan participants and makes

recommendations to the Common Council when any changes in service providers are necessary.

PROCEDURES:

1. Employees who have a fixed annual salary are eligible to participate and may enroll in a plan at any time throughout the year.
2. Employees may contact the Human Resources Department for initial enrollment information and the Payroll Department for deferral amounts changes.
3. The Human Resources Department will coordinate periodic meetings between employees and the service providers so that employees may review investment options, fund performance and discuss any other questions or concerns they may have, regarding their account, directly with a service provider representative.
4. Employees may contact service provider or WDC representatives directly at any time.
5. Periodic statements for employee accounts will be sent directly to the employees' homes.
6. The IRS sets an annual maximum contribution limit and the employee is responsible to monitor his/her contributions to ensure that contributions do not exceed the annual limit.

This policy/procedure/manual does not in any way constitute an employment contract; and the City of Wisconsin Rapids reserves the right to amend this policy/procedure/manual at any time, subject to approval by the Common Council.

To provide employees and their family members professional, confidential resources to help solve personal problems while assisting employees in certain City sponsored health plans to maximize their reimbursable mental health benefits.

POLICY:

It is the policy of the City of Wisconsin Rapids to provide an Employee Assistance Program (EAP) to all employees and their family members at no cost to the employee, regardless of their participation in the City's Health Insurance Plan. The Employee Assistance Program is accessible 24 hours a day, 365 days a year through a phone number provided to all employees at the time of hire. All communication between the employee or family member and the EAP is strictly private and confidential. Confidentiality will be maintained unless the problem or issue, by law, must be referred to a public agency. Participation in the Employee Assistant Program is voluntary for resolution of personal problems that may have an impact on an employee's work or personal life (on either a self-referral or supervisor-referral basis).

PROCEDURES:

1. The Employee Assistance Program is administered by Associated Employee Assistance Services of Wisconsin, Ltd. Offices are located in Wisconsin Rapids and Stevens Point. Employees can meet with counselors at either location.
2. The EAP has a 24-hour telephone service with counselors available as needed: 1-800-540-3758. There are several counselors available, both male and female who specialize in different areas of counseling services. The employee or family member may contact the EAP directly at the above number.
3. If an employee is experiencing performance problems and the supervisor suspects that a personal problem may be a factor in the employee's poor performance, the supervisor should encourage and may require the employee to contact the EAP for assistance in identifying the source of the problem and supply the employee with the EAP's toll-free telephone number.
4. The EAP service is free of charge and continues on that basis with up to eight

meetings on a no-fee basis. Sometimes a person will be referred to other services, which may charge a fee, however, these services may be covered by the City's group health insurance.

SUBJECT: RETIRED PUBLIC SAFETY OFFICER INSURANCE PREMIUM DEDUCTION PROGRAM

PURPOSE:

To define the City's role in processing requests by retired Public Safety Officers (Police Officers, Detectives, Police Lieutenants, Firefighters, Captains, Chiefs) who wish to participate in the ETF Retired Public Safety Officer Insurance Premium Deduction Program.

POLICY:

Eligible, retired public safety officers (Police Officers, Detectives, Police Lieutenants, Firefighters, Captains, Chiefs) receiving a Wisconsin Retirement System (WRS) annuity may elect to have health and dental insurance premiums deducted from their monthly WRS annuities and forwarded directly to the City.

The Federal Pension Protection Act of 2006 created a federal income tax exclusion for eligible, retired public safety officers. Officers can exclude up to \$3,000 annually from their gross taxable income on their income tax returns to cover qualified insurance premiums if they elect retirement annuity deductions as the premium payment method. The State of Wisconsin adopted the retired public safety officer income tax exclusion provision and therefore, the tax exclusion is also applicable for Wisconsin income tax purposes.

Beginning in 2009, the Department of Employee Trust Funds (ETF) will deduct the premium amount authorized by both the retired officer and the City and remit the amount directly to the City. The retired officer can change or stop the deduction at any time. After the close of the calendar year, ETF, not the City, will provide the retired officer with the total amount of premiums paid for tax reporting purposes.

If at any time the officer's annuity is not sufficient to cover the health and dental insurance premium amount, the officer shall make premium payments directly to the City.

PROCEDURE:

1. The officer must have separated from service as a Public Safety Officer with the City by reason of disability or after attainment of normal retirement age under the retirement plan. Officers that have taken an early retirement benefit are not eligible. Officers receiving a duty disability without a retirement benefit are not eligible because a duty disability benefit does not qualify as a retirement benefit. Surviving spouses and dependents are not eligible to participate in this program.

2. Eligible retired public safety officers must complete and sign form ET-4330, "Public Safety Officer Authorization for Insurance Premium Deduction," available in the Human Resources Department. Separate forms must be completed for health and dental insurance premiums.
3. Once completed, the Human Resources Department will verify the information and premium amount, and forward the completed form to the City Treasurer. The City Treasurer will complete the City's bank account information and forward the form to ETF. A copy will be retained in the retired employee's confidential medical file.
4. ETF will begin taking the requested deduction amount from the monthly gross annuity payment of the retired officer after receipt and processing of a properly completed authorization form. The retired officer receives notification from ETF when the deduction begins.
5. Deductions are remitted electronically to the City on the first business day of each month. Once a premium deduction begins, it will continue as long as the annuity is sufficient to cover the premium, until changed by the retired officer or stopped by either the retired officer or the City.
6. Any deduction taken from an annuity payment that the retired officer was not eligible to receive must be returned to ETF by the City, the retired officer, or the retired officer's heirs or estate.
7. **As insurance premiums change, it is the retired officer's responsibility to complete a new "Public Safety Officer Authorization for Insurance Premium Deduction" form and forward it to ETF. The retired officer is responsible for the health insurance premiums being paid to the City and will be responsible for any premium amount not paid to the City by the fifth (5th) of every month.**
8. The City will not provide any tax information to the employee. The retired officer must contact the ETF for any tax related information.

SUBJECT: RETIREE INSURANCE BENEFIT

PURPOSE:

To provide guidelines regarding eligibility for retiree insurance benefits.

POLICY:

The City will contribute to the group health insurance premium for retired management and other non-represented employees, as follows:

- A. For those employees who were hired or promoted into a non-union position by March 1, 2004, the City will contribute a monthly amount equal to two percent (2%) times the employee's total years of service with the City (single or two person) to the City's group health plan. This contribution shall start upon retirement under the Wisconsin Retirement System. The contribution shall continue for a period of one year for each two years' employment-until age 65. Once the employee turns age 65, the spouse may continue to receive the premium contribution until the spouse attains the age of 65.

In the case of the employee's death after retirement, the employee's spouse will be eligible to receive the remaining premium contribution benefits of the employee, to be applied toward the spouse's City health insurance premiums, until age 65.

In the case of the employee's death while still employed, the employee's spouse will be eligible to receive the above benefits until age 65, calculated as if the employee had retired on the date of death.

- B. New City employees hired into non-union positions on March 2, 2004, through May 4, 2010, or an employee promoted into a non-union position on or after March 2, 2004, will receive the described benefit, in A above, limited to a maximum of 50% City contribution to age 65.
- C. All Clerical and DPW employees, as well as new City employees hired into non-union positions on or after May 5, 2010 who retire from the City pursuant to the rules of the Wisconsin Retirement System, or who qualify for WRS disability benefits pursuant to the rules of the Wisconsin Retirement System, shall be entitled to the following:
1. Those employees who are covered by the Wisconsin Rapids Health Plan for at least twenty-four (24) months immediately preceding their retirement shall have one hundred percent (100%) of their earned/unused sick leave converted to a monetary value, which shall be applied toward the payment of City health insurance premiums. The maximum amount of such conversions shall be one hundred fifty (150) days from the primary sick leave

bank.

2. Employees who are not covered by the Wisconsin Rapids Health Plan for the twenty-four (24) months immediately preceding their retirement shall have fifty five percent (55%) of their earned/unused sick leave converted to a monetary value and paid to the employee as income, in cash, less appropriate taxes. Employees should be off of the plan for a minimum of ten (10) days.
 3. Should an employee die while still employed by the City, the spouse and/or children shall be entitled to the sick leave premium contribution benefits above. If an employee dies after retiring, the remaining value of sick leave credits shall be paid to the spouse or children. If there is no spouse or children entitled to the benefit, or if the employee did not have health insurance coverage for the twenty-four (24) months immediately preceding the employee's death, the sick leave conversion cash benefit shall be paid to the employee's beneficiary, as designated on the employee's "Retirement Designation of Beneficiary" form, or to the same beneficiary as determined in the Wisconsin Retirement Fund line of progression for payment of survivor benefits.
 4. Employees who are covered under the City's health plan through a spouse shall be entitled to the sick leave premium contribution payments. If the spouse is not retired at the time of the employee's retirement, the benefit will be held until the time of the spouse's retirement.
- D. ASCET and DPW employees who retire from the City pursuant to the rules of the Wisconsin Retirement System, or who qualify for WRS disability benefits pursuant to the rules of the Wisconsin Retirement System, shall receive a 50% contribution from the City toward the City of Wisconsin Rapids retiree health insurance premiums beginning at age 57 until age 65. If an employee dies at or after age 57, and before he/she is age 65, this benefit will continue for the surviving spouse/child(ren) until that time the employee would have attained age 65.
- E. Employees hired by the City after December 31, 2012, are not eligible for retiree health insurance through the City of Wisconsin Rapids.
- F. There will be no continuation of City health insurance after age 65.

PROCEDURES:

1. **CONTRIBUTION LIMITATIONS** - The City contribution under this plan shall apply only toward the City's health plan and does not include dental insurance, life insurance or any other group insurance which the City may acquire at some later date. The contribution is further limited to the type of coverage that the employee was enrolled in at the time of retirement (single, two-person, or family coverage paid at the two-person level.)

- 2. NO CLAIM AGAINST THE CITY - Employees who are not enrolled in the group health insurance at the time of retirement, or who are otherwise not eligible, or who lose eligibility to participate, or who elect not to participate, shall have no claim against the City.
- 3. EMPLOYEE RESPONSIBILITY FOR PREMIUM - Retired employees who participate under this plan are responsible for paying their portion of the monthly premium to the City by the 5th of each month for any month in which they desire coverage. Failure to pay premiums on time will be cause to cancel the health coverage. There is no grace period. Once canceled, health insurance may not be reinstated. If a retiree intends to cancel insurance coverage, the City must receive a completed "Waiver and Cancellation of Coverage" form no later than the 15th of the month; or the retiree will be charged for the entire month in which the retiree wished to cancel coverage.
- 4. CONTINUATION OF HEALTH BENEFITS AFTER CITY CONTRIBUTION ENDS - Group health insurance coverage through the City of Wisconsin Rapids will not be available after age 65.
- 5. DENTAL INSURANCE - Employees who retire under the Wisconsin Retirement System may continue to participate in the group dental plan through the month in which they turn age 65. If the employee elects to continue dental coverage, the employee will be responsible for the full cost of the dental premium. Premium payments are to be made as described under Item 3.

FAMILY AND MEDICAL LEAVE POLICY

Child rearing, family illness/injury, employee medical leave, military covered active duty or call-to-covered active-duty and military caregiver leave are available to employees as specified below. The intent of this Policy is to comply with both the Wisconsin and federal Family and Medical Leave Acts. Should this policy conflict in any way with the applicable federal and state statutes or regulations, the statutes, or regulations shall control.

I. Eligibility.

Federal--To be eligible for the federal leave discussed below, the employee must have worked for the City for any twelve (12) months during the past seven (7) years and has actually worked at least one thousand two hundred fifty (1,250) hours in the last twelve (12) month period.

Wisconsin--Employees who have been employed by the City for one (1) year (52 consecutive weeks at any time during employment) and who have been paid for one thousand (1,000) hours (including paid time not worked such as holidays, vacation or sick leave) during the preceding fifty two (52) weeks are eligible for the leaves provided under Wisconsin law.

This policy assumes that an employee is eligible for both federal and state leaves. This may not always be the case.

II. Length of Leave.

The federal Family and Medical Leave Law provides a combined total of twelve (12) weeks of family and medical leave for various purposes described below in a calendar year and an additional fourteen (14) weeks of military caregiver leave as described below. (An employee is eligible for military caregiver leave for up to twenty-six (26) weeks, but it is limited by any FMLA leave taken for other qualifying reasons).

Wisconsin law provides six (6) weeks of child-rearing leave, two (2) weeks of family illness/injury leave, and two (2) weeks of employee medical leave in a calendar year.

Wisconsin, federal, and City leaves provided for the same purposes run concurrently; that is, they do not "stack." If the leave is a City provided leave, plus federal and state FMLA leave as well, the leaves run concurrently. For example, an absence for a work or non-work related illness or injury that qualifies as employee sick leave is also deducted from an employee's FMLA leave entitlements under the state and federal laws if the medical condition qualifies as a "serious health condition" under those laws.

III. Notice of Eligibility for and Designation of FMLA Leave.

Employees requesting FMLA leave are entitled to receive written notice from the City Human Resources Director or designee, telling them whether they are eligible for FMLA leave and, if not eligible, the reasons why they are not eligible. When eligible for FMLA leave, employees are entitled to receive written notice

of: (1) their rights and responsibilities in connection with such leave; (2) the City's designation of leave as FMLA qualifying or non-qualifying, and if not FMLA qualifying, the reasons why; and (3) the amount of leave, if known, that will be counted against the employee's leave entitlement.

IV. Employee FMLA Leave Obligations

A. Notice of the Need for Leave.

Employees who take FMLA leave must timely notify the City Human Resources Director or designee of their need for FMLA leave. Employees should request FMLA leave in writing whenever possible. The following describes the content and timing of such employee notices.

1 Content of Employee Notice.

To trigger FMLA leave protections, employees must inform the City Human Resources Director or designee of the need for FMLA qualifying leave and the anticipated timing and duration of the leave, if known. Employees may do this by either requesting FMLA leave specifically, or explaining the reasons for leave so as to allow the City Human Resources Director or designee to determine that the leave is FMLA qualifying. For example, employees might explain that:

- A specific medical condition renders them unable to perform the functions of their job;
- They or a covered family member are under the continuing care of a health care provider for a specific medical condition;
- A specific medical condition renders the family member unable to perform daily activities or that the family member is a covered servicemember with a serious injury or illness incurred in the line of duty;
- They are pregnant or have been hospitalized overnight; or
- The leave is due to a qualifying exigency caused by a covered military member being on covered active duty or called to covered active duty.

Calling in "sick," without providing the reasons for the needed leave, will NOT be considered sufficient notice for Federal FMLA leave. Employees must respond to the City's Human Resources Director or designee's questions to determine if absences

are potentially FMLA qualifying. If an employee fails to explain the reasons for FMLA leave, the leave may be denied. When an employee seeks leave due to FMLA-qualifying reasons for which the City Human Resources Director or designee has previously provided FMLA-protected leave, he or she must specifically reference the qualifying reason for the leave or the need for FMLA leave.

2 Timing of Employee Notice.

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, or the approximate timing of the need for leave is not foreseeable, employees must provide the City Human Resources Director or designee with notice of the need for leave as soon as practicable under the facts and circumstances of the particular case. Employees who fail to give 30 days notice for foreseeable leave, without a reasonable excuse for the delay, or otherwise fail to satisfy FMLA notice obligations, may have FMLA leave delayed or denied.

V. Childbirth/Adoption Leave.

A. Purpose: Unpaid child rearing leave may normally be used within sixteen (16) weeks prior to, or within twelve (12) months following:

1. The birth of the employee's natural child; or
2. The placement of a child with the employee for adoption or as a precondition to adoption under section 48.90(2) of the Wisconsin Statutes, but not both; or
3. The placement of a child with the employee for twenty-four (24) hour foster care that is made by or with agreement of a government agency.

B. Length of Child Rearing Leave.

No employee may take more than twelve (12) weeks of federal child rearing leave in a twelve (12) month period. In addition, no more than twelve (12) weeks leave can be taken for the birth of any one child. If both the mother and father of a child are employed by the City, and they both desire child rearing leave, they are generally only entitled to a combined total leave of twelve (12) weeks. Child-rearing leave provided under federal law runs concurrently with the six (6) weeks of child-rearing leave provided under Wisconsin law.

C. Intermittent/Partial Leave Absences.

For the first six (6) weeks of leave within sixteen (16) weeks prior to or after the child-rearing event (e.g., birth of child), an employee may take child rearing leave as an intermittent or as a partial absence from employment in increments of less than their full normal work day. An employee who does so shall schedule the intermittent or partial absence so it does not unduly disrupt the City's operations. To comply with this

requirement, an employee is to provide the City Human Resources Director, in writing, with the employee's proposed schedule of intermittent or partial absences no less than one(1) week before the schedule of absences is to commence. The schedule must be of a sufficient definiteness that the City is able to schedule replacement employees, if necessary, to cover the absences. Partial or intermittent leave must commence within sixteen (16) weeks before or after the birth, adoption, or foster placement of a child. Leave cannot be taken intermittently or as a partial absence before or beyond sixteen (16) weeks of the event. Rather, any remaining child-rearing leave must be taken in a single block and would not be eligible for sick leave substitution.

- D. Scheduling Child Rearing Leave: An employee is expected to submit a written request for child rearing leave no less than thirty (30) calendar days before the leave is to commence and must schedule the leave after reasonably considering the City's needs. If the date of the birth, adoption, or foster care placement requires leave to begin sooner, the employee shall provide notice to the Human Resources Director or designee as soon as practicable.

VI. Family Illness Leave.

- A. Purpose: Unpaid family illness/injury leave may be used to care for the employee's spouse, child, parents, or spouse's parent (i.e., parent-in-law) and domestic partner who have a serious health condition.
- B. Length of Family Illness Leave: No employee may take more than twelve (12) weeks of federal family illness leave for the employee's spouse, child, or parents in a twelve (12) month period. The federal leave generally runs concurrently with the two (2) weeks of family illness leave provided under state law in a calendar year. Under state law a maximum of two (2) weeks of family illness leave may be taken for a spouse's parent (i.e., a parent-in-law) and domestic partner in a calendar year, in addition to the twelve (12) weeks of federal FMLA leave.

VII. Employee Medical Leave.

- A. Purpose: Unpaid medical leave may be used by an employee who has a serious health condition which renders the employee unable to perform his or her job duties.
- B. Length of Medical Leave: No employee may take more than twelve (12) weeks of federal employee medical leave in a twelve (12) month period. This leave generally runs concurrently with the two (2) weeks of employee medical leave provided under state law in a calendar year.

VIII. Military Call to Duty Leave.

- A. Purpose: Federal unpaid call-to-duty leave may be used as a result of a qualifying exigency arising from an employee's spouse, son, daughter or parent being on active duty or having been notified of an impending call or order to active duty status in the Regular Armed Forces, National Guard or Reserves.

Qualifying exigencies may include attending certain military events, arranging for alternative child-care, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

- B. Length of Leave: An eligible employee is entitled to twelve (12) weeks of call-to-duty leave in a twelve (12) month period. The twelve (12) weeks provided for this purpose do not add to the employee's normal twelve (12) weeks of FMLA entitlement in a twelve (12) month period. In essence, they provide another reason for FMLA.

IX. Injured/Ill Servicemember Caregiver Leave.

- A. Purpose: An eligible employee who is the spouse, son, daughter, parent or next of kin of a covered servicemember is entitled to take up 26 weeks of military caregiver leave during a single 12-month period to care for the servicemember with a serious injury or illness incurred in the line of duty, or for a veteran with a serious injury or illness, including conditions that do not arise until after the veteran has left the military. The veteran must have been discharged within the five year period before the eligible employee first takes FMLA military caregiver leave to care for the veteran.

A "covered servicemember" means a member of the Armed Forces, including a member of the Regular Armed Forces, National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is on the temporary retired list, for a serious injury or illness. A member of the Armed Forces would have a serious injury or illness if he/she has, incurred an injury or illness in the line of duty while on active duty in the Armed Forces provided that the injury or illness renders the servicemember medically unfit to perform duties of the member's office, grade, rank or rating. Additionally included are serious injuries or illnesses that result from a condition that existed before the service member's active duty service and was aggravated by service in the line of duty on active duty.

"Next of kin" of a covered servicemember means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: Blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions; brothers and sisters; grandparents; aunts and uncles; and first cousins; unless the covered service member has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.

- B. Length of Leave: Leave to care for a servicemember shall only be available during a single 12-month period and, when combined with other FMLA-qualifying leave, may not exceed 26 weeks during the single 12-month period. For purposes of military caregiver leave, the single 12-month period begins on the first day an eligible employee takes leave to care for the injured servicemember. A separate caregiver leave can be taken for each covered servicemember and/or for each new injury/illness.

X. Scheduling Family Illness/Employee Medical/and Military Caregiver Leave.

A. Medical Necessity: An employee may schedule family illness/injury, employee medical, or military caregiver leave as medically necessary. An employee must consider the needs of the City when scheduling leave. When medically necessary, an employee may take the leave as an intermittent or as a partial absence from employment in increments of less than their full normal work day. The lowest increment may be the lowest increment that the City permits for any other type of leave, paid or unpaid. An employee who does so shall schedule the intermittent or partial absence so it does not unduly disrupt the City's operations. To comply with this requirement, an employee is to provide the City Human Resources Director or designee, in writing, with the employee's proposed schedule of partial absences as soon as possible after the employee learns of the probable necessity of such leave.

B. Planned Treatment: When planning medical treatment, employees must consult with the City and make a reasonable effort to schedule treatment so as not to unduly disrupt the City's operations, subject to the approval of the health care provider. Employees should consult with the City prior to the scheduling of treatment to work out a treatment schedule that best suits the needs of both the

City and the employee, subject to the approval of the health care provider. If an employee providing notice of the need to take FMLA leave on an intermittent basis for planned medical treatment neglects to fulfill this obligation, the City may require the employee to attempt to make such arrangements, subject to the approval of the health care provider.

C. Intermittent/Reduced Schedule Leave: When employees seek intermittent leave or a reduced leave schedule for reasons unrelated to the planning of medical treatment, employees must, upon request, advise the City of the reason why such leave is medically necessary. In such instances, the City Human Resources Director or designee and employee shall attempt to work out a leave schedule that meets the employee's needs without unduly disrupting the City's operations, subject to the approval of the health care provider.

XI. Serious Health Condition/Medical Certification Supporting Need for Leave.

A. Submission of Certifications: Depending on the nature of FMLA leave sought, employees may be required to submit medical certifications establishing that a "serious health condition" (described below) is involved and supporting their need for FMLA leave. As described below, there generally are three types of FMLA medical

certifications: an initial certification, a recertification, and a return to work/fitness for duty certification.

It is the employee's responsibility to provide the City Human Resources Director or designee with timely, complete and sufficient medical certifications. Whenever the City requests an employee to provide a FMLA medical certification, the employee must provide the requested certification within 15 calendar days after the City's request, unless it is not practicable to do so despite the employee's diligent, good faith, efforts. The City Human Resources Director or designee shall inform the employee if a submitted medical certification is incomplete or insufficient and provide the employee with at least seven calendar days to cure deficiencies. The City Human Resources Director may deny FMLA leave to an employee who fails to timely cure deficiencies or otherwise fails to timely submit requested medical certifications.

With the employee's permission, the City Human Resources Director (through individuals other than an employee's direct supervisor) may contact the employee's health care provider to authenticate or clarify medical certifications. If an employee chooses not to provide the City with authorization allowing it to clarify or authenticate a certification with a health care provider, the City Human Resources Director may deny FMLA leave if the certification is unclear and a serious health condition cannot be verified.

Whenever the City Human Resources Director or designee deems it appropriate to do so, it may waive its right to receive timely, complete and/or sufficient FMLA medical certifications.

B. Types of Certifications.

1. Initial Medical Certifications.

Employees requesting leave because of their own, or a covered relative's, serious health condition, or to care for a covered service member, must supply a medical certification supporting the need for such leave from their health care provider or, if applicable, the health care provider of their covered family or service member within fifteen (15) days. If an employee provides at least 30 days notice of medical leave, he or she should submit the medical certification before leave begins. A new initial medical certification will be required on an annual basis for serious medical conditions lasting beyond a single leave year.

A "serious health condition" is considered to be a disabling physical or mental illness, injury, impairment, or condition involving any of the following:

1. Inpatient care in a hospital, nursing home, hospice, or residential medical facility; or
2. Outpatient care that requires continuing treatment or supervision by a health care provider.

The federal FMLA leave includes a more detailed and expansive definition of a "serious health condition" described in the medical certification form, which is provided to an employee if the employee is required to submit a medical certification form from his/her physician, certifying that a "serious health condition" within the meaning of law is involved.

If the City Human Resources Director has reason to doubt an initial medical certification, he/she may require an employee to obtain a second opinion at the City's expense. If the opinions of the initial and second health care providers differ, the City may, at its expense, require an employee to obtain a third, final and binding, certification from a health care provider designated or approved jointly by the City Human Resources Director or designee and the employee.

2. Medical Recertifications.

Depending on the circumstances and duration of FMLA leave, the City may require an employee to provide a recertification of a medical condition giving rise to the need for leave. The City Human Resources Director or designee will notify the employee if recertification is required and will give the employee at least 15 calendar days to provide medical recertification.

3. Return to Work/Fitness for Duty Medical Certifications.

An employee returning to work from FMLA leave that was taken because of the employee's own serious health condition that made the employee unable to perform his/her job duties must provide the City with a medical certification confirming the employee is able to return to work and the employee's ability to perform the essential functions of the employee's position. The City may delay and/or deny job restoration until an employee provides a requested return to work/fitness-for-duty certification.

C. Certifications Supporting Need for Military Family Leave.

Upon request, the first time an employee seeks leave due to a qualifying exigency arising out of the covered active duty or call to covered active duty status of a covered military member, the City may require the employee to provide: (1) a copy of the covered military member's active duty orders or other documentation issued by the military indicating the covered military member is on active duty or called to active duty status and the dates of the covered military member's active duty service; and (2) a certification from the employee setting forth information concerning the nature of the qualifying exigency for which leave is

requested. An employee shall provide a copy of new active duty orders or other documentation issued by the military for qualifying exigency leaves arising out of a different active duty or call to active duty status of the same or a different covered military member.

When leave is taken to care for a covered service member with a serious injury or illness, the City may require the employee to obtain certifications completed by an authorized health care provider of the covered service member. In addition, the City may request that the certification submitted by the employee set forth additional information provided by the employee and/or the covered service member confirming entitlement to such leave.

XII. Using Paid Leave While on Unpaid FMLA Leave.

Wisconsin FMLA - While on Wisconsin FMLA leave (including when running currently with federal FMLA leave), an employee may elect to use any accrued City provided paid time while taking unpaid FMLA leave.

Federal FMLA - When solely utilizing federal FMLA leave, an employee may elect, or the City require, an employee to utilize certain accrued City provided paid leave while on FMLA leave. For example, an employee may elect, or the City may require, the use of accrued paid vacation while on any type of FMLA leave. The employee may elect, or the City may require, the use of accrued sick leave while the employee is on FMLA employee medical leave. However, an employee's use of City provided paid leave must comply with the terms and conditions of the City's paid leave policy.

The employee should notify the City Human Resources Director or designee if and what type of paid accrued leave the employee intends to substitute as provided under the law. The substitution of paid time for unpaid FMLA leave time does not extend the length of FMLA leave - the paid time runs concurrently with an employee's FMLA entitlement.

Leaves of absence taken in connection with a paid or unpaid disability leave plan or worker's compensation injury/illness run concurrently with any FMLA leave entitlement. Upon written request, the City Human Resources Director or designee may allow employees to use accrued paid time to supplement any paid disability or worker's compensation benefits.

XIII. Insurance and Benefits.

A. Payment of Premiums.

While an employee is on FMLA leave, the city will maintain group health insurance coverage under the conditions that applied before the leave began. If prior to the leave,

the employee was required to participate in the premium payments, the employee is required to continue with payment of his/her share of the premiums while on leave. An employee's failure to make the required payments may result in termination of the employee's insurance coverage.

Unless the City Human Resources Director or designee notifies employees of other arrangements, whenever employees are receiving pay from the City during FMLA leave, the City will deduct the employee portion of the group health plan premium from the employee's paycheck in the same manner as if the employee was actively working. If FMLA leave is unpaid, employees must pay their portion of the group health premium through a method determined by the City.

B. Termination of Benefits.

The City's obligation to maintain health benefits will stop if and when: (1) an employee informs the City of intent not to return to work at the end of the leave period; (2) the employee fails to return to work when the leave entitlement is used up; or (3) the employee fails to make any required payments while on leave after appropriate waiting periods and time periods as specified by law. The City's obligation to maintain health care coverage ceases if an employee's premium payment is more than 30 days late. If an employee's payment is more than 15 days late, the City will send a letter notifying the employee that coverage will be dropped on a specified date unless the co-payment is received before that date.

C. Recovery of Premium Payments.

If the City chooses to do so, it may pay an employee's required premium payments while the employee is on leave. If the City does so and an employee does not immediately repay the City upon the employee's return to work, the City will deduct the amount of the payments from the employee's paycheck. Also, the City has the right to collect from an employee the health insurance premiums the City paid during a period of unpaid leave if the employee does not return to work after the leave entitlement has been exhausted or expired. Such premium amounts may be deducted from any compensation owed to the employee upon termination of employment. An employee must return to work for at least thirty (30) calendar days in order to be considered to have "returned" to work. However, an employee's liability to repay health insurance premiums does not apply if his/her failure to return to work is due to a serious health condition or specific circumstances beyond the control of the employee.

XIV. Return From Leave.

An employee returning from family and/or medical leave can return to his or her old position, if vacant, at the time the employee returns to work. If the position is no longer vacant, the employee may be offered an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

The determination as to how an employee is to be restored to "an equivalent position" upon return from FMLA leave is made on the basis of established policies and practices, and provisions of the federal FMLA.

XV. Outside Employment.

An employee who is solely utilizing federal FMLA leave (i.e., Wisconsin FMLA leave has been exhausted) is prohibited from working for another employer while on federal FMLA leave.

XVI. Workers Compensation: Absences due to work-related injuries are subject to the Federal FMLA if the FMLA requirements are met, even if state worker's compensation leaves also apply. In other words, Federal FMLA and worker's compensation leave will run concurrently.

XVII. Holiday Pay: For purposes of determining the amount of leave used by an employee, the fact that a holiday may occur within the week taken as FMLA leave has no effect; the week is counted as a week of FMLA leave. If an employee is using intermittent FMLA leave, the holiday will count as FMLA leave only if the employee was otherwise scheduled to work on the holiday.

Employees should contact Beth Bakunowicz at (715) 421-8245 if they have any questions regarding this policy.

All FMLA leave is subject to the approval of the Human Resources Director, or his/her designee.

Military and National Disaster Leave

1. SCOPE

This policy applies to all City employees.

2. PURPOSE/ DEFINITIONS

The purpose of this policy is to provide guidelines and procedures for employees who receive notice of military or other types of required training related to national disasters. This includes Disaster Medical Assistance Teams (DMAT), State All Hazards Incident Management Training (IMT), or other training organized under National Disaster Medical System (NDMS).

This policy also covers employees who are called to active military duty or deployed due to a national disaster or declared state of emergency.

It is the intent of the City to be in compliance with USERRA, VBIA, and all other Federal and State laws. It is the City's policy that no employee or prospective employee will be subjected to any form of discrimination on the basis of that person's membership in or obligation to perform service for any of the Uniformed Services of the United States. Specifically, no person will be denied employment, reemployment, promotion, or other benefit of employment on the basis of such membership. Furthermore, no person will be subjected to retaliation or adverse employment action because such person has exercised his or her rights under applicable law or this policy. If any employee believes that he or she has been subjected to discrimination in violation of this policy, the employee should immediately contact Human Resources.

3. POLICY

The City recognizes that employees may be required to participate in military, DMAT, or IMT training on an annual basis. The City also recognizes that certain employees may be called to active military duty or actively deployed as a result of a national disaster or declared state of emergency.

The City provides unpaid leave time for all required training or active deployments addressed in this policy.

3.1 Reserve, National Guard, DMAT, or IMT Training. Employees who receive notice of military or any other type of required training must notify their manager and Human Resources as soon as possible. Employees must also complete the Military and National Disaster Leave form and return the completed form to Human Resources. Upon notice, Human Resources will grant an unpaid leave of absence during the training period. Leave will not be granted without a completed form.

POLICY

[Document Status]

Employees may choose to be paid the difference between military (or DNR or DMAT) pay for the training period and their regular City base pay (not to exceed 14 days in a calendar year.) If employees choose to be paid the difference, it is their responsibility to notify Payroll and provide Payroll with a copy of their check stub for the training period within 30 days of the employee's return to work after training.

3.2 Active Duty or Deployment. Employees who receive a call to active duty or are notified of deployment due to a national disaster must notify their manager and Human Resources as soon as possible. Employees who are called to active duty or deployed must also complete the Military and National Disaster Leave form and return the completed form to Human Resources. Upon notice, Human Resources will grant an unpaid leave of absence to cover the period of deployment.

3.3 Paid Vacation and Personal Time. Employees who are deployed may use vacation, personal, or sick time during their leave. It is the employee's responsibility to notify Human Resources of the intent to use paid time prior to the employee's deployment date.

3.4 Benefits during deployment. Health and dental insurance will end at the end of the month in which the employee's last day is worked. Employees who are deployed have the option of electing COBRA continuation coverage for health and dental; however, they may wish to first verify eligibility through the military or other Federal agency. Health and dental insurance will be reinstated when the employee returns to work without any waiting periods. The City will maintain the employee's standard life insurance during the leave. If the employee has optional life insurance, he/she may maintain the optional life insurance if premiums are paid prior to deployment.

3.5 Pay Increases. An employee on active duty will be eligible for any pay increases during his/her absence provided that the employee is otherwise eligible for the wage increase.

3.6 Return to Work. The City will promptly reinstate employees returning from active duty to their same position or one of comparable status and pay. In order to be eligible for re-employment, the employee must provide written verification of honorable discharge (including the dates served) and must apply for his/her position within the required timeframes:

- If service is less than 31 days, the employee must report for reemployment at the beginning of the first full regularly scheduled working period on the first calendar day following completion of service and the expiration of eight hours after a time for safe transportation back to the employee's residence.
- If service is for 31 days or more but less than 181 days, the employee must submit an application for reemployment with Human Resources no later than 14 days following the completion of service.
- If service is over 180 days, the employee must submit an application for reemployment with Human Resources no later than 90 days following the completion of service.
- If the employee is hospitalized or convalescing from a service-connected injury, the employee must submit an application for reemployment with Human Resources no later than two years following completion of service.

3.7 Employee with a service-connected disability. If after reasonable accommodation efforts by the employer, an employee with a service-connected disability is not qualified for

employment in the position he or she would have attained or in the position that he or she left, the employee will be employed in any other position of similar seniority, status and pay for which the employee is qualified or could become qualified with reasonable efforts by the City; or if no such position exists, in the nearest approximation consistent with the circumstances of the employee's situation.

3.8 Exceptions to re-employment with the City. In addition to the employee's failure to apply for reemployment in a timely manner, an employee is not entitled to reinstatement as described above if any of the following conditions exist:

- The City's circumstances have so changed as to make reemployment impossible or unreasonable.
- Reemployment would pose an undue hardship upon the City.
- The employee's employment prior to the military service was merely for a brief, non-recurrent period and there was no reasonable expectation that the employment would have continued indefinitely or for a significant period.
- The employee did not receive an honorable discharge from military service.

Sick and Paid Leave

1. SCOPE

This policy applies to all employees of the City of Wisconsin Rapids except Crossing Guards, LTEs, Relief Clerical, or interns. This policy also does not apply to employees who receive sick leave benefits pursuant to a collective bargaining agreement.

2. PURPOSE

To provide employees with guidelines regarding the use of sick leave and eligibility for paid leave.

3. POLICY BODY

3.1 Annual Sick Leave. Non-Union and DPW employees shall be granted a total of two weeks of paid sick days per calendar year, based on their regular hours worked per week, for the employee's own minor illnesses, such as cold and flu. See the schedule below:

Full-time employees (40 hours/ week)	80 Hours
Full-time employees (32 hours/ week)	64 Hours
Part-time employees (20 hours/week)	40 Hours
PD Management (12-hour shifts)	84 Hours
Fire Management (24-hour shifts)	144 Hours

Fire and Police employees covered under collective bargaining agreements will receive sick leave benefits according to the agreements.

Sick days may also be used to care for a sick child, for family leave (as substitution for unpaid family leave), and for medical and dental appointments. There will be no accumulation or carryover of this leave.

Salaried employees must take sick and paid leave in increments of partial or full days (4 or 8 hours or 12 or 24 hours for Fire Department). Hourly employees may use sick and paid leave in increments of 15 minutes (.25 hours) or greater.

3.1a New Hires. New hires shall be provided sick leave after six (6) months of employment on a prorated basis. Sick leave earned from the date of hire will be credited

POLICY

on the employee's six-month anniversary.

3.1b Transfers and Promotions. Employees promoted from a Police or Fire Union position to a Non-Union management position will receive prorated Non-Union sick leave credit on their promotion effective date, based on the amount of time they will be Non-Union for the remainder of the year in which they are promoted.

3.1c Payout. Each year, the City will pay \$75 for each eight-hour increment of sick leave not used during the calendar year for those employees working 40 hours per week. (\$107 for each 12-hour increment for Police management who work 12-hour shifts, and \$125 for each 24-hour increment for Fire management who work 24-hour shifts). Employees must be employed with the City on December 31 to receive this payment. This payment will be made in February of the year following the year that the sick leave was not used. For example: A payment will be made in February, for sick leave not used during the preceding year.

3.2 Extended Sick Leave. Employees will be provided up to 8 weeks of paid extended leave per calendar year for his/her own serious health condition, if an employee qualifies for FMLA. The employee must have a completed medical provider's certification and a completed Request for FMLA application. The 8 weeks of paid leave will run concurrently with FMLA.

3.3 Leave of Absence. If additional time is needed after FMLA, the employee may be placed on a leave of absence. All types of paid leave must be exhausted before an employee can take the time unpaid. A leave of absence will be granted for a maximum of 8 weeks. If the employee is not able to return to work immediately following the unpaid leave of absence, the City may terminate employment. Additional information can be found in our Leave of Absence policy.

3.4 Sick Leave for Family Members. An employee will be granted up to one week of paid leave per calendar year for a family member who has a serious health condition, as defined by the Family Medical Leave Act, or for the birth of an employee's child. In order to receive this paid sick leave, the employee must complete all required FMLA paperwork.

The one week of paid leave has no accrued value and will not carry over from year to year. The employee will first be required to use one week of sick leave before the City will provide paid leave for the second week. If the employee does not have any sick leave available, the employee may use vacation or personal time. If the employee does not have any accrued paid time available, he/she must first use one week (or the equivalent of one week) of unpaid time off prior to receiving paid leave.

3.5 Required Reporting. An employee absent for three (3) or more days, due to personal illness or the illness of a family member, is required to notify the Human Resources Department on the third day of absence. The employee's supervisor should also notify the Human Resources Department.

3.6 **Monitoring.** Human Resources reserves the right to monitor use of sick and paid leave. Abuse of sick leave may be grounds for discipline, up to and including unpaid suspension and/or termination.

3.7 **Alternate Employment.** An employee will not receive paid or sick leave under this policy while working for another employer or performing side work as a self-employed individual.

4. PROCEDURES

4.1 **Unplanned Absences.** For unplanned absences, employees must notify their manager of the need to use sick time, according to their department policy, as soon as possible. The notice should be given prior to the beginning of the employee's work day.

4.2 **Manager Responsibilities.** It is the manager's responsibility to ensure that the time away from work is recorded correctly for payroll purposes. If the employee needs to use benefits under this policy, it is the manager's responsibility to direct the employee to Human Resources.

4.3 **Employee Responsibilities.** If an employee is aware of the need to use sick leave for his/her own illness or the illness of a family member, it is the employee's responsibility to notify his/her manager in advance of the absence and contact Human Resources for the appropriate paperwork. (Human Resources will determine which paperwork is appropriate.) The employee must return completed paperwork to Human Resources before use of sick leave will be approved.

The employee is also required to provide a signed return to work form to Human Resources prior to returning to his/her position (if it is the employee's own illness.)

4.4 **FMLA.** If the leave qualifies as FMLA, Human Resources will provide the required FMLA notices to the employee within the required timeframes. FMLA will run concurrently with paid leave. The employee will be required to follow all FMLA guidelines as outlined in the Family Medical Leave policy.

This policy/procedure/manual does not in any way constitute an employment contract; and the City of Wisconsin Rapids reserves the right to amend this policy/procedure/manual at any time, subject to approval by the Common Council.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: Voluntary Accrued Vacation/Sick Leave Donations

PURPOSE:

To allow employees to donate some of their accrued vacation and/or sick leave to a fellow employee who has a serious health condition, or to a fellow employee who has a spouse, child, or parent who has a serious health condition, and who has exhausted all of his or her paid time off.

POLICY:

Employees may donate accrued vacation time and/or sick leave from their annual ten (10) day (or two (2) week equivalent, per the sick leave policy) sick leave to a fellow employee who has a serious health condition, or to an employee who has a spouse, child, or parent who has a serious health condition, as defined by the FMLA, and who has exhausted all of his or her paid time off. Each employee will be allowed to donate up to a maximum of ten (10) days (or two (2) week work time equivalent, as per the employee's labor contract or city policy) in a two year period. This policy may be continued or discontinued at any time, and without recourse by the participants in the program.

PROCEDURES:

1. The employee in need of donated time must have exhausted all available floating holidays, vacation, sick leave, personal leave, and compensatory time. In addition, any employee who has exhausted FMLA leave must apply for a leave of absence in accordance with his or her labor contract or City policy.
2. The employee in need of donated time must have a serious health condition, or must have a spouse, child, or parent with a serious health condition, as defined by the FMLA. The employee may remain anonymous, or may allow the City to release a statement that indicates that the employee or his/her spouse, child, or parent has a serious health condition which qualifies under this policy, if necessary, for purposes of executing the policy's intent. No specific health information will be shared with any other employee or staff.
3. The employee in need of donated time must notify the Human Resources Director, or designee, of his or her need and provide a completed Family and Medical Leave Health Care Provider Certification form. The Human Resources Director, or designee, reserves the right to request additional information regarding the employee's need for sick leave, as well as reserves the right to request additional information or recertification throughout the duration of the health condition to assess the need for sick leave.

4. The employee(s) willing to donate accrued vacation and/or sick leave must complete a "Voluntary Accrued Vacation/Sick Leave Donation" form (see attached) and forward it to the Human Resources Director, or designee. A list of those wishing to donate will then be established in the order that the completed "Voluntary Accrued Vacation/Sick Leave Donation" forms are received. Donating employees' donation forms and the donation list shall remain confidential
5. The donated accrued vacation/sick leave will be deducted from the donating employees' vacation accrual and/or sick leave.
6. Employee(s) will be allowed to donate a maximum of ten (10) days (or two week work time equivalent,) of accrued vacation and/or sick leave in a two (2) year period.
7. The donated vacation will be deducted from the donating employees' vacation accrual in a minimum of eight (8)-hour increments, or whatever the minimum increment is that the vacation leave can be taken by the donating employee if greater than eight (8) hours; and the donated sick leave will be deducted from the donating employees' sick leave in eight (8)-hour increments, or whatever the minimum increment is that the vacation leave can be taken by the donating employee, if greater than eight (8) hours. 8. Once eight (8) hours, or the minimum increment for each respective leave, if greater than eight (8) hours, has been deducted from each of the donating employees on the list, another minimum leave increment will be deducted from the donating employees' vacation or sick leave, if needed, in the same order, to a maximum of eighty (80) hours per employee (or a two (2) week work time equivalent of hours), on the list.
9. Once a "Voluntary Accrued Vacation/Sick Leave Donation" form has been submitted for donation for a specified employee, the donor may not withdraw the donation.

Leave of Absence

1. SCOPE

This policy applies to all non-seasonal employees of the City of Wisconsin Rapids.

2. PURPOSE

This policy is being developed to ensure consistency is applied for leaves of absence. This policy is not intended to cover leaves under Family and Medical Leave. If an employee is eligible for family medical leave, he/she is required to use protected time under FMLA prior to using leave time under this policy.

3. POLICY BODY

The City recognizes that there are times when an employee may need to be away from work and is not covered under Family and Medical Leave or Military Leave laws. An employee who takes a leave of absence under this policy must use all paid time available to her/him prior to taking the leave unpaid. This includes the use of frozen sick banks.

3.1 A leave of absence may be requested for the following purposes:

- a) If an employee has a serious health condition resulting in an inability to work and the employee is not eligible for FMLA, he/she may request a leave of absence.
- b) In addition, an employee who has exhausted his/her FMLA and who is unable to return to work due to a serious health condition may request an additional leave of absence.
- c) If an employee's immediate family member has a serious health condition and the employee needs to provide care to the family member, he/she may request a leave of absence.
- d) Intermittent leave under this policy is generally not permitted. It may be allowed as a reasonable accommodation pursuant to ADAAA laws or under certain limited circumstances.

3.2 Benefits will be impacted as follows:

- a) Benefits will end as follows: At the end of the month in which FMLA is exhausted. Or, if the employee is not eligible for FMLA, at the end of the month in which the leave of absence ends.
- b) If applicable, COBRA continuation will be offered once the employer contributions end, and the employee is no longer eligible for the group health plan. COBRA continuation will be offered for all applicable benefit plans.
- c) Employees continue to be responsible for payment of their portion of insurance premiums during an approved leave. While receiving pay, the employer will continue to make payroll deductions to collect the employee's share of the premium. During periods of unpaid leave, the employee may choose to pre-pay, pay each pay period, or make catch payments for his/her portion of the premiums. If the employee does not pre-pay or make periodic payments, the employer reserves the right to collect any and all past due

employee contributions for benefits.

d) WRS benefits will be administered according to WRS plan documents.

e) Flexible Spending Accounts. If an employee misses flex deductions for one or more pay periods, the employee will have the option to pay the missed deductions when he/she returns to work or lower the annual election amount by the total amount of missed deductions.

3.3 An employee who accepts other employment for remuneration or profit while on a leave of absence will be considered, at that time, to have voluntarily terminated his/her employment with the City.

4. Procedures

4.1 If circumstances should arise that require a need for a leave of absence, an employee should request a leave of absence. The employee must complete a leave of absence form. The leave must be approved by the manager, Department Head, and HR. The decision to approve a leave of absence depends on the nature for the request and the impact the leave has on the department. A leave of absence that places a significant hardship on the department may be denied.

4.2 During a leave of absence, it is the employee's responsibility to provide his/her manager with frequent updates and an anticipated date of return to work.

4.3 Prior to returning to work, an employee must deliver a signed physician form to HR indicating that the employee has been released to return to work (if the leave is for the employee's own serious health condition.) If there are physician restrictions, the manager will need to determine if the City is able to accommodate the restrictions.

4.4 If an employee is unable to return after an eight-week leave of absence, his/her employment may be terminated. Extensions beyond eight (8) weeks may be available under limited circumstances and will require approval from the HR Committee.

City of Wisconsin Rapids

Controlled Substances and Alcohol Policy

10/01/2010

I. STATEMENT OF POLICY

A. General Provisions

The **City of Wisconsin Rapids** recognizes that the use and abuse of drugs and alcohol in today's society is a very serious problem which has also found its way into the workplace. The **City of Wisconsin Rapids** also recognizes the significant threat that a drug or alcohol-impaired employee can pose to the safety of himself/herself, his/her co-workers and the general public.

In order to address the safety threat presented by the problem of drug and alcohol abuse in the transportation industry, the Department of Transportation (DOT) has established extensive regulations requiring drug and alcohol testing under certain circumstances.

The Department of Transportation (DOT) and the Federal Highway Administration (FHWA) have issued Federal Regulations (49 CFR Parts 40 and 382) implementing the provisions of the Federal Omnibus Transportation Employee Testing Act of 1991 which requires alcohol and controlled substances testing of drivers who are required to have commercial driver's license.

The City expresses its intent through this policy, to comply with federal and state rules, regulations, or laws that relate to the maintenance of a workplace free from illegal drugs and alcohol. It is the City's intention to comply fully with DOT regulations.

In light of the above, the **City of Wisconsin Rapids** has adopted this Anti-Drug Plan to specify the circumstances under which drug and alcohol testing may be required, the procedures for conducting such testing, and the methods and procedures for complying with the requirements of the regulations.

The **City of Wisconsin Rapids'** drug-testing program is incorporated in an overall Anti-Drug Plan that is designed to create a drug-free workplace and provide help to those employees who may be suffering from problems with chemical dependency. The goal of the City's policy and the testing of employees is to ensure a drug and alcohol-free transportation and work environment, and to reduce and eliminate drug and alcohol-related accidents, injuries, fatalities, and damage to City property. Public Law 100 - 690, Title V, Subtitle D, makes it unlawful to manufacture, distribute, dispense, possess, or use a controlled substance in the workplace. The Plan has been developed in compliance with existing federal regulations in a manner which ensures accurate and reliable test results, and thereby eliminates the possibility of any "false positives." It also contains procedures designed to recognize and respect the dignity and privacy of all of our employees. More importantly, we recognize that our employees are our most valuable resource, and we want to assist any employee who feels that he or she may have a problem with chemical dependency or alcoholism. We, therefore, have available information on and access to appropriate employee assistance programs designed to help those individuals desirous of treating such problems.

B. Employment Terms

Neither the implementation of this policy nor any of the terms of this policy is intended to modify the at-will nature of the employment relationship with the **City of Wisconsin Rapids**, the various labor agreements, or to otherwise create any contract, express or implied, with any employee. Employment with the **City of Wisconsin Rapids** is considered "at-will," meaning that it is for no set duration and can be terminated by the **City of Wisconsin Rapids** or the employee at any time, for any reason, unless prohibited by statute, public policy, or terms of the employee's current labor agreement.

C. Non-Discrimination

In accordance with the requirements of the Americans with Disability Act, **City of Wisconsin Rapids** does not discriminate against employees or applicants who are qualified individuals with a disability who are not currently engaged in the use of illegal drugs, and who do not otherwise violate the provisions of this policy, including, but not limited to, individuals who 1) have successfully completed or who are currently participating in a supervised rehabilitation program, and are no longer engaging in such use, or 2) have otherwise been rehabilitated successfully and are no longer engaging in such use.

II. SCOPE

A. Employees Subject To Testing

The provisions of this Anti-Drug Plan will specifically apply to any employee who is performing, ready to perform, or ceasing to perform the following safety-sensitive job functions:

- a. Regular operation of a commercial motor vehicle;
- b. Occasional, casual, or intermittent operation of a commercial motor vehicle;
- c. Mechanics who work in safety-sensitive positions in the repair and/or operation of commercial motor vehicles;
- d. Managers and supervisors who are required to hold a CDL and are on stand-by to perform a safety-sensitive job.

For the purposes of the Regulations, a CMV is defined as a vehicle:

- a. Operating in intra or inter state commerce; and
- b. Has a gross combination weight rating of 26,001 or more pounds inclusive of a towed unit with a gross vehicle weight rating (GVWR) of more than 10,000 pounds; or
- c. Has a gross vehicle weight rating of 26,001 or more pounds; or
- d. Is designed to transport 16 or more passengers, including the driver; or
- e. Is any size transporting hazardous materials requiring placards.

In addition to the above-mentioned "Regulated" employees, portions of this Anti-Drug Plan will also apply to all other **City of Wisconsin Rapids'** employees.

All employees who are or may be subject to the provisions of this policy will be provided with a copy of the policy prior to its implementation and/or at the time they are hired. The **City of Wisconsin Rapids** will also make additional copies of the policy available to its employees upon request.

B. Prohibited Drugs

Although this policy prohibits the use of any unlawful controlled substance, the following substances will be specifically tested for under the terms of this AntiDrug Plan:

1. **Marijuana**
2. **Cocaine**
3. **Opiates**
4. **Amphetamines**
5. **Phencyclidine**
6. **MDA-Analogues**
7. **6-Monoacetyl Morphine**

C. Prescribed Medication

Before performing safety-sensitive work-related duties, employees must notify their supervisor if they are taking any legally prescribed medication, therapeutic drug, or any non-prescription drug which contains any measurable amount of alcohol, or which carries a warning label that indicates the employee's mental functioning, motor skills, or judgment may be adversely affected by the use of this medication. A written report of this notification is to be filed by the supervisor with the Human Resources Department. It is the responsibility of the employee to inform his/her physician of the type of safety-sensitive function that the employee performs in order that the physician may determine if the prescribed substance could interfere with the safe and effective performance of the employee's duties or operation of **City of Wisconsin Rapids'** equipment. In the event it is determined that an employee is taking or is under the influence of a prescribed medication that will pose a direct threat of harm to the safety and health of the employee, his or her co-workers and/or the general public, the employee may be placed on a medical leave of absence until the condition requiring the taking of the medication is resolved or the employee is no longer taking the medication, or the employee may be placed in a non-safety sensitive alternate duty. As required by the Federal Regulations, any employee who uses or possesses medication containing alcohol while on duty or who tests positive for alcohol will be removed from his/her position, and subject to the provisions of this policy, even though the reason for the positive alcohol test is the fact that the employee's prescription medical contains alcohol.

A legally prescribed drug is one where the employee has a prescription or other written approval from a physician for the use of the drug in the course of medical treatment. The prescription must include the patient's name, the name of the substance, quantity/amount to be taken, and the period of authorization. The misuse or abuse of legal drugs while performing **City of Wisconsin Rapids'** business is prohibited by the **City of Wisconsin Rapids'** policy.

The individual may be required to identify the physician prescribing medication and to authorize the **City of Wisconsin Rapids'** Medical Review Officer (MRO) to communicate with that physician about the medication, its possible side effects, the condition requiring the taking of the medication and their relationship to the individual's ability to safely perform his/her job. The employee will have the opportunity to discuss the use of the medication with the **City of Wisconsin Rapids'** Medical Review Officer.

III. QUALIFICATIONS FOR EMPLOYMENT AND PROHIBITED CONDUCT

A. Prohibited Conduct

The Department of Transportation (DOT) safety regulations prohibit the **City of Wisconsin Rapids** from allowing any employee to perform safety-sensitive functions if the employee fails a drug or alcohol test required under this Plan which is confirmed as positive by the Medical Review Officer, or allowing any employee to perform a safety-sensitive function if the employee refused to take a drug or alcohol test required under this policy.

In addition, the **City of Wisconsin Rapids** strictly prohibits the manufacturing, use, sale, possession, or distribution of controlled substances or alcohol by its employees at the workplace **at any time**.

The Department of Transportation stipulates that the City of Wisconsin Rapids prohibits employees from engaging in the following conduct and prohibits the City of Wisconsin from permitting employees to perform safety-sensitive functions:

1. Using alcohol while on duty;
2. Using alcohol within four (4) hours of reporting to work to perform any safety-sensitive function;

3. Using alcohol within eight (8) hours of an accident, unless the employee has already undergone post-accident drug and alcohol testing or is not required to undergo post-accident drug or alcohol testing;
4. Reporting to work with an alcohol concentration of 0.02 or more;
5. Possessing alcohol while on duty or while operating a commercial vehicle;
6. Using a controlled substance while on duty, unless prescribed by a physician and that physician determines that the medication will not adversely affect the employee's ability to perform safety-sensitive functions;
7. Refusing to submit to or cooperate in any drug or alcohol testing.

B. Disqualification

Any employee who tests positive to any drug or alcohol test required under this policy may be disqualified from further employment with the **City of Wisconsin Rapids** until:

1. The employee has been evaluated by a Substance Abuse Professional (SAP) or Medical Review Officer (MRO); and
2. Has complied with any recommended treatment; and
3. Has taken and received a negative result for a return-to-duty drug and alcohol tests; and
4. Is subject to follow-up unannounced testing for up to 60 months, including a minimum of 6 tests in the first 12 months.

A positive result in a return-to-work or any subsequent follow-up or other drug or alcohol test will result in discharge and will permanently disqualify the employee from further employment with the **City of Wisconsin Rapids**.

Refusal to submit, or tampering with a drug or alcohol test will result in immediate discipline, up to and including discharge.

IV. DRUG TESTS REQUIRED

A. Pre-Employment – Test should be scheduled within 24-48 hours of notification.

No "regulated" applicant will be hired unless he/she passes a drug and/or alcohol test or is covered by an anti-drug program which conforms to Department of Transportation Rule 49 CFR Part 199. All applicants will be notified, at the time they complete a job application, that they will be required to submit to a drug and/or alcohol test if they are considered otherwise qualified for employment, and that they will be subject to the terms and conditions of this policy if they are ultimately hired. All other applicants must pass a drug test prior to being employed.

Any employee who is not currently subject to regulated testing but seeks transfer to or is being transferred to any position subject to regulated testing will be required to submit to a pre-employment drug test prior to his/her transfer to the position. Any such individual will also be subject to all of the other provisions of this Anti-Drug Plan.

B. Post-Accident

The **City of Wisconsin Rapids** will post-accident test regulated and non-regulated employees for controlled substances and alcohol if the employee is involved in a moving traffic accident which:

1. Involves the loss of human life;
2. The employee receives a citation under state or local law for a moving traffic violation arising from the accident; or

3. If there are personal injuries that require medical treatment away from the scene or if a vehicle is towed away, unless the employee can be completely discounted as a contributing factor.

The **City of Wisconsin Rapids** will direct the employee to report to a collection site immediately, but in no case more than 32 hours after the time of the accident for a drug test and no more than 2 hours after the time of the accident for an alcohol test in accordance with applicable regulations and/or the **City of Wisconsin Rapids'** policy. The driver must refrain from consuming alcohol for eight (8) hours after an accident and/or until the initial testing has been completed. If the test is not administered within the aforementioned time frame, the supervisor must complete a report explaining why the tests were not conducted. An employee who is subject to post-accident testing shall remain readily available for such testing or may be deemed to have refused to submit to testing.

In the rare event the employee cannot participate in the above-mentioned collection process, following an accident, the City may accept the results of a test performed by Federal, State, or Local officials if results are released.

In the event an employee is seriously injured in an accident and is unable to be tested at the time of the accident, the employee must provide the necessary authorization for the **City of Wisconsin Rapids** to obtain hospital reports or any other pertinent documents that would indicate whether there were controlled stances or alcohol in the employee's system.

C. Random

The **City of Wisconsin Rapids** will reasonably distribute, over the calendar year, a number of unannounced, random drug tests at a rate equal to 50% of its regulated employees. The **City of Wisconsin Rapids** will also conduct random alcohol tests at a rate equal to 10% of its regulated employees, over a 12-month period. Employees will be selected for random testing by an anonymous, objective selection criteria (e.g., a computer-based random number generator or random number table matched with an employee's social security or payroll identification number) and all employees will have an equal chance of being selected. Any employee selected for a random test will be subject to additional random tests in the future if he/she is again selected.

The **City of Wisconsin Rapids** will conduct any random drug or alcohol tests required under this policy over a reasonable period of time throughout the course of the year. For purposes of complying with this section, random test will be performed on a quarterly basis. For purposes of selecting any employee to submit to a random drug test, the **City of Wisconsin Rapids** will utilize a computer-generated random number program developed and implemented by Saints Health Services. Any employee selected to undergo a random drug test will be required to submit to the test immediately after receiving notification of his/her selection for the test. If a driver is on temporary lay off or medical leave for the entire testing quarter, the City will select another regulated employee from the alternate list. If an alternate is selected, the employer must document the reasons for the alternate selection.

D. Reasonable Cause

The **City of Wisconsin Rapids** will require a drug and/or alcohol test for a regulated employee or non-regulated employee when there is reasonable cause to believe that the employee is using a prohibited drug or alcohol. However, the decision to test must be based on a reasonable and articulable belief that the employee is using a prohibited drug or alcohol on the basis of specific, contemporaneous physical, behavioral, or performance indicators of probable drug or alcohol use. At least two of the **City of Wisconsin Rapids'** supervisors, one of whom is trained in detection of the possible symptoms of drug or alcohol use, shall substantiate and concur in the decision to test an employee. The concurrence between the two supervisors may be by telephone. **Only one trained**

supervisor will be required to substantiate the decision to test. A written report describing the employee's condition will be completed, dated and signed by the observer(s), and copies made available to the employee and the Union. In such cases the employee's immediate supervisor(s) may, in a confidential manner, order the employee to submit to a drug and/or alcohol test.

Third party reports that an employee is impaired in his duties due to the use of prohibited drugs or alcohol shall not constitute reasonable cause for the observation of the employee.

In any reasonable cause circumstance, a representative of the **City of Wisconsin Rapids** will transport the employee to an appropriate collection facility and await the completion of the collection procedure. The **City of Wisconsin Rapids'** representative will then transport the employee back to the **City of Wisconsin Rapids'** premises, where a spouse, family member, or other individual will be contacted to transport the employee to his/her home. In the event no such individual is available, the **City of Wisconsin Rapids** will contact a taxi to transport the employee home. If the reasonable cause test result is negative, the **City of Wisconsin Rapids will** reimburse the employee for the cost of the taxi. If the employee refuses to agree to any of these procedures and attempts to operate his/her own vehicle, the **City of Wisconsin Rapids** will take appropriate efforts to discourage the employee from doing so, up to and including contacting local law enforcement officials. Any employee failing to cooperate with any of the procedures described above will be subject to discipline, up to and including discharge.

E. Return To Duty/Follow-Up

An employee who refuses to take or does not pass a drug or alcohol test may not return to duty until the employee passes a drug or alcohol test and is recommended for return to work by the Substance Abuse Professional (SAP). A driver who tests positive must be evaluated by an SAP and follow the prescribed rehabilitation/treatment program. An employee who returns to duty shall be subject to a reasonable program of follow-up and/or alcohol testing without prior notice for not more than 60 months after his or her return to duty. Post-re habilitation testing must include a minimum of 6 tests in the first 12 months. Employees subject to follow-up testing are also included in the random testing pool.

F. Refusal To Submit

Any employee who refuses to submit to any drug or alcohol test required under this section will be treated as if he/she had tested positive in any such test.

Behaviors that constitute refusal to submit a test:

- * Refusal to take the test (verbal refusal or physical absence); or
- * Inability to provide sufficient quantities of breath or urine to be tested without a valid medical explanation; or
- * Tampering with or attempting to adulterate the specimen or interfere with the collection procedure; or
- * Not reporting to the collection site in the time allotted; or
- * Leaving the scene of an accident without a valid reason before the tests have been conducted; or
- * Failure to sign DOT-required testing forms for urine collection.

G. Consequences of Positive Drug Tests

An individual who refuses to submit to a test or has a verified positive drug test will be removed immediately from the safety sensitive function, referred to an Substance Abuse Professional (SAP) and provided educational materials. An individual that has a verified positive drug test or refuses to submit to a test must be referred to and evaluated by a SAP regardless of whether they will be discharged or given a second chance.

V. SPECIMEN COLLECTION PROCEDURES FOR DRUG TESTS

A. Collection Site Personnel

All non-medical collection site personnel have received written procedures, instructions, and training to conduct collections in a professional and proficient manner. Refer to Appendix E for a more detailed outline of collection instructions.

B. Urine Specimen Collection

Any person requested to undergo a drug test will be required to provide a urine sample at a designated collection site. In order to ensure integrity of the specimen collection procedure, a standard Urine Custody and Control Form with a unique identification number will be used, with an appropriate form for split sample procedures. This form shall be completed by the employee and the **City of Wisconsin Rapids** or the collection site personnel. The form will be completed by the person responsible for collecting the urine sample and will then be forwarded along with the urine sample to a designated laboratory, which will conduct the actual analysis. The laboratory will then forward a copy of the results to the Medical Review Officer, who will review it. The **City of Wisconsin Rapids** will retain a copy of the Urine Custody and Control Form for each drug test it conducts.

All urine specimens will be collected in a clean, single-use specimen bottle that is securely wrapped until filled with the specimen. A clean, single-use collection container (e.g., disposable cup or sterile urinal) that is securely wrapped until used may also be employed. If urination is directly into the specimen bottle, the specimen bottle shall be provided to the employee still sealed in its wrapper or shall be unwrapped in the employee's presence immediately prior to its being provided.

Any person requested to undergo a drug test will be provided with a copy of written "Employee Specimen Collection Procedures," which must be followed by the individual and the collection site personnel. Copies of the procedures will also be provided to all designated collection sites.

C. Collection Procedures

1. Designated Collection Sites

The City of Wisconsin Rapids will utilize an approved collection site which will have the personnel, materials, equipment, facilities and supervision necessary to provide for the collection, security, temporary storage and shipping of urine specimens to a DHHS-certified laboratory for testing, in a manner consistent with the requirements of the Department of Transportation, 49 CFR Part 40.

2. Supervisory Collections

Unless it is impracticable for any other individual to perform this function, a direct supervisor of an employee shall not serve as the collection site person for a test of the employee.

3. Alternative Collection Sites

If one of the **City of Wisconsin Rapids'** designated facilities cannot be used to collect a specimen (for example, a post-accident test in a distant location), the **City of Wisconsin Rapids** and/or the employee will attempt to use another collection facility which is familiar with collection procedures under 49 CFR Part 40. In the event an alternative collection site familiar with the requirements of 49 CFR Part 40 is not available, the urine sample must still be collected in a secure manner, described below:

- a. Procedures shall provide for the collection site to be secure. If a collection site facility is dedicated solely to urine collection, it shall be secure at all times. If a facility cannot be dedicated solely to drug-testing, the portion of the facility used for testing shall be secured during drug testing.
- b. A facility normally used for other purposes, such as a public rest room or hospital examining room, may be secured by visual inspection to ensure other persons are not present and undetected access (e.g., through a rear door not in the view of the collection site person) is not possible. Security during collection may be maintained by effective restriction of access to collection materials and specimens. In the case of a public rest room, the facility must be posted against access during the entire collection procedure to avoid embarrassment to the employee or distraction of the collection site person.
- c. If it is impractical to maintain continuous security of a collection site from the time the specimen is presented until the sealed mailer is transferred for shipment, the following minimum procedures shall apply: The specimen shall remain under the direct control of the collection site person from delivery to its being sealed in the mailer. The mailer shall be immediately mailed, maintained in secure storage, or remain until mailed under the personal control of the collection site person.

4. Individual Privacy

Collection procedures allow urine specimens to be provided by the individual in private, unless there is reason to believe that the individual may alter or substitute the specimen, as set forth below:

- a. The temperature of the original specimen was out of range, the specimen is diluted, or the specimen appeared to be tampered with.
- b. The collection site person observes conduct clearly and unequivocally indicating an attempt to substitute or adulterate the sample (e.g., substitute urine in plain view, blue dye in specimen presented, etc.).
- c. The employee has previously been determined to have used a controlled substance without medical authorization and the particular test is being conducted as a part of a rehabilitation program, on return to service after any required rehabilitation or under a DOT regulation providing for follow-up testing after return to service.

The assigned Drug Program Coordinator for the **City of Wisconsin Rapids** is responsible to review and concur in the decision to test an employee under direct observation upon the circumstances described in the paragraph above.

5. Split Sample Procedures

See Appendix A for complete split sample procedures.

6. Specimen Integrity and Identity

The **City of Wisconsin Rapids**, the employee, and the collection site shall take appropriate precautions to preserve the integrity and identity of the urine specimen by ensuring that it is not adulterated or diluted during the collection procedure and the urine specimen tested is that of the person from whom it was collected. Collection site personnel will be responsible for maintaining the integrity of the specimen collection and transfer process, but the employees are expected to cooperate with collection site personnel and to exercise good faith in conjunction with the written specimen collection procedures.

7. Collection Control

To the maximum extent possible, collection site personnel shall keep the individual's specimen bottle within sight both before and after the individual has urinated. After the specimen is collected, it shall be checked for proper temperature range within 4 minutes and shall be properly sealed and labeled. The urine custody and control form shall be used for maintaining control and accountability of each specimen from the point of collection to final disposition of the specimen. The date and purpose shall be documented on an approved Chain-of-Custody (COC) Form each time a specimen is handled or transferred and every individual in the chain shall be identified. Every effort shall be made to minimize the number of persons handling specimens.

8. Transportation to Laboratory

Collection site personnel shall arrange to ship the collected specimens to the drug-testing laboratory. The specimens shall be placed in a container designed to minimize the possibility of damage during shipment (e.g., specimen boxes and/or padded mailers), and those containers shall be securely sealed to eliminate the possibility of undetected tampering. On the tape sealing the container, the collection site person shall sign and enter the date the specimens were sealed in the containers for shipments. The collection site person shall ensure that the chain-of-custody documentation is attached to each container sealed for shipment to the drug-testing laboratory.

9. Failure to Cooperate

If the employee refuses to cooperate during the collection process (e.g., refusal to provide a complete specimen, complete required paperwork, initial specimen), the collection site person shall inform the **City of Wisconsin Rapids** and shall document the non-cooperation on the urine custody and control form. Employees are expected to exercise good faith and cooperate during the collection process and failure to do so will subject the employee to discipline, up to and including discharge, independent and regardless of the results of any subsequent drug test.

Any employee required to provide a urine sample will be expected to complete any necessary forms required by the collection site or the **City of Wisconsin Rapids**, including those authorizing the disclosure of test results to the **City of Wisconsin Rapids**. Failure or refusal to do so will result in discharge, as set forth in Section VIII.

10. Employee Requiring Medical Attention

If the sample is being collected from an employee in need of medical attention (e.g., as part of post-accident test given in an emergency medical facility), necessary medical attention shall not be delayed in order to collect the specimen.

11. Refer to Appendix A for a more detailed outline of collection procedures.

D. Alcohol Test Procedures

1. All alcohol tests conducted under this Policy require that the driver must provide a breath specimen for any test conducted by, or on behalf of, the **City of Wisconsin Rapids**. In the case of an alcohol test conducted by a federal, state or local law enforcement officer following an accident, the driver must provide either a breath or blood specimen, as directed by the law enforcement officer.
2. Alcohol tests will be administered using a breath specimen, taken by a Breath Alcohol Technician (BAT) using an approved breath testing device (EBT), except in cases of on-scene, post-accident testing conducted by federal, state, or local officials. The EBT is approved by the National Traffic Safety Administration (NHTSA) listed on the Conforming Products List (CPL). Inspection, maintenance, and calibration will be performed by the manufacturer's authorized representative or appropriate state agency.
3. Before being tested by the **City of Wisconsin Rapids**, each driver will be required to: (a) present his/her personal identification, and (b) execute a DOT "Breath Alcohol Test Form" provided by the BAT. A driver who refuses to provide his/her identification, provides a false identification, refuses to execute the DOT "Breath Alcohol Test Form", or who otherwise refuses or fails to cooperate will be treated as though he/she had tested positive and will be subject to disciplinary action, up to and including discharge, in addition to the penalties imposed by DOT.
4. Prior to each alcohol breath test conducted by the **City of Wisconsin Rapids**, the BAT will instruct the driver on how the test will be performed.
5. To protect each driver, the BAT will open and attach to the testing device an individually-sealed mouthpiece in the driver's view. The driver will then be directed to blow forcefully into the breath-testing device until an adequate amount of breath has been maintained.
6. The EBT will provide printed results in triplicate with a unique, sequential number, time, and unit identifier printed on each copy.
7. In the event that a driver is unable to provide an adequate amount of breath for the initial or confirmatory test after several attempts to do so, the driver will be required to submit to an evaluation by a licensed medical physician to determine whether a valid medical condition exists. If the physician determines that a valid medical condition does exist, the test result will be reported to the **City of**

Wisconsin Rapids as cancelled. If the physician determines that a valid medical condition does not exist, the test result will be reported to the **City of Wisconsin Rapids** as a "confirmed positive".

8. In the event that the driver provides an adequate breath specimen and the initial test registers an alcohol concentration level that is less than 0.02, the test result will be reported as a "negative" and no additional test will be required at that time.
9. In the event that the driver provides an adequate breath specimen and the initial test registers an alcohol concentration level of 0.02 or greater, a second, confirmatory test will be performed within 15-30 minutes. In the event that the driver provides an adequate breath specimen and the confirmatory test registers less than 0.02, the test result will be reported to the **City of Wisconsin Rapids** as "negative".
10. DOT prohibits any driver whose confirmatory test registers 0.02 or more but less than 0.04 from performing or from continuing to perform any safety-sensitive function until the driver's next regularly-scheduled duty period, but for no less than 24 hours. A driver who, after providing an adequate breath specimen, has a confirmatory test which registers 0.02 or more but less than 0.04 will, at a minimum, be suspended without pay until his/her next regularly-scheduled duty period, but for no less than 24 hours, and may be subject to additional disciplinary action by the **City of Wisconsin Rapids**, up to and including discharge. Additionally, the employee will be referred to a Substance Abuse Professional.
11. A driver who, after providing an adequate breath specimen, has a confirmatory test which registers 0.04 or greater will, at a minimum, be suspended without pay, and will be subject to additional disciplinary action by the **City of Wisconsin Rapids** up to and including discharge. An individual must be referred to a Substance Abuse Professional, regardless of discipline.

VI. DRUG-TESTING METHODOLOGY

A. Appropriate Laboratory

All urine specimens to be tested for the presence of controlled substances must be analyzed by a laboratory certified by under the DHHS mandatory Guidelines for Federal Workplace Drug Testing Programs. All drug tests required by the **City of Wisconsin Rapids** will, therefore, be shipped for analysis to a DHHS certified laboratory.

B. Initial Screen

All urine specimens will be initially tested for the use of controlled substances by an immunoassay screen, which will eliminate negative urine specimens from further consideration. Any positive test results in an initial test will be subject to confirmation through an additional, more precise and accurate testing methodology.

The cut-off levels set forth below will be used for the initial screening of specimens to determine whether they are negative for the following drugs:

1. Marijuana metabolites – 50 ng/ml
2. Cocaine metabolites – 150 ng/ml

3. Opiate metabolites – 2000 ng/ml*
(*25 ng/ml if immunoassay specific for free morphine)
4. Phencyclidine – 25 ng/ml
5. Amphetamines – 500 ng/ml
6. MDA – Analogues 500 ng/ml
7. 6 – Monacetylmorphine 10 ng/ml

C. Confirmatory Tests

Any urine specimen identified as positive on the initial test screen will be confirmed by a second analytical procedure independent from the initial test and which uses a different chemical technique and procedure. The **City of Wisconsin Rapids** will use gas chromatography/mass spectrometry to confirm initial positive test results.

The cut-off levels set forth by the DHHS industry standard will be used to establish the existence of a “confirmed positive” test result.

Any initial positive result which is not confirmed as positive under the Fire DHHS industry standard will be deemed negative.

D. Reporting Procedures

Before the laboratory reports any test result, it will first review the results of the initial test, confirmatory test, or any relevant quality control data to certify that the test result is accurate. The laboratory will then report the test results to the **City of Wisconsin Rapids’** Medical Review Officer within five (5) working days after the receipt of the specimen, and will also forward the original urine custody and control forms to the MRO. Any specimen which was negative on an initial or confirmatory test will be reported as negative. The only specimens reported as positive will be those which have been confirmed as positive through gas chromatography/mass spectrometry. Test results may not be reported verbally, by telephone and the laboratory will not report any test results to the **City of Wisconsin Rapids**, but only to its Medical Review Officer. The laboratory and the **City of Wisconsin Rapids** will ensure that the data transmission is confidential and will secure and limit access to its data transmission storage and retrieval system.

The Medical Review Officer may request from the laboratory and the laboratory will provide quantitation of test results. The MRO will then report to the **City of Wisconsin Rapids** whether the test is positive or negative and may also report the identity of the drug(s) for which there was a positive result. The MRO will not, however, disclose the quantitation of test results to the **City of Wisconsin Rapids** unless disclosure of the same to the **City of Wisconsin Rapids**, employee, or decision-maker is necessary in a lawsuit, grievance or other proceeding initiated by or on behalf of the employee arising from a verified positive drug test.

E. Specimen Retention

Samples that yield positive results on confirmation must be retained by the laboratory in properly secured, long-term, frozen storage for at least 365 days as required by the DOT Procedures. Within this 365-day period, the employee or his representative, the **City of Wisconsin Rapids**, the Administrator, or, if the **City of Wisconsin Rapids** is subject to the jurisdiction of a state agency, the state agency may request that the laboratory retain the sample for an additional period. If, within the

365-day period, the laboratory has not received a proper written request to retain the sample for a further reasonable period specified in the request, the sample may be discarded following the end of the 365-day period.

F. Retest Procedures

If the MRO determines there is no legitimate medical explanation for a confirmed positive test result other than the unauthorized use of a prohibited drug, the original split sample must be retested if the employee or job applicant makes a written request for retesting within 72 hours of receipt of the final test result from the MRO. The employee or job applicant may specify retesting by the original laboratory or by a second laboratory certified by the Department of Health and Human Services. The retest will be at the employee's or job applicant's expense, unless the retest is negative, at which time the employee or job applicant will be reimbursed for his/her cost.

If the employee or job applicant specifies retesting by a second laboratory, the original laboratory must follow approved chain-of-custody procedures in transferring a portion of the sample.

Since some analytes may deteriorate during storage, detected levels of the drug below the detection limits established in the DOT Procedures, but equal to or greater than the established sensitivity of the assay, must, as technically appropriate, be reported and considered corroborative of the original positive results.

VII. REVIEW OF DRUG TEST RESULTS

A. Medical Review Officer Qualifications

All confirmed positive test results will be reported by the laboratory to a Medical Review Officer (MRO) prior to any decision regarding an employee's qualification for continued employment due to the results of a drug test. The MRO will be a licensed physician with knowledge of substance abuse disorders. The MRO will review and consider possible alternative medical explanations for the positive test result, as well as the chain-of-custody to ensure that it is complete and sufficient on its face.

B. MRO Duties

The MRO will perform the following functions for the **City of Wisconsin Rapids**:

1. Review the results of drug testing before they are reported to the **City of Wisconsin Rapids**.
2. Review and interpret each confirmed positive test result to determine if there is an alternative medical explanation for the confirmed positive test result by:
 - a. Conducting a medical interview with the individual tested;
 - b. Reviewing the individual's medical history and any relevant biomedical factors;
 - c. Reviewing all medical records made available by the individual tested to determine if a confirmed positive test resulted from legally prescribed medication;
 - d. Requiring, if necessary, that the original split specimen be re-analyzed to determine the accuracy of the reported test result; and
 - e. Verifying that the laboratory report and assessment are correct.

C. Action on Positive Test Results

Prior to making a final decision to verify a positive test result for an individual, the MRO will give the individual an opportunity to discuss the test result. The MRO will, therefore, contact the individual directly, on a confidential basis, to determine whether the individual wishes to discuss the test result. A staff person under the MRO's supervision may make the initial contact and a medically licensed or certified staff person may gather information from the individual. Except as provided below, the MRO will talk directly with the individual before verifying a test as positive.

If, after making and documenting all reasonable efforts to contact the individual, the MRO is unable to reach the individual directly, the MRO will contact a designated management official who will direct the individual to contact the MRO as soon as possible. If it becomes necessary to reach the individual through a management official, the official will utilize procedures to ensure, to the maximum extent practicable, the requirement that the individual contact the MRO is held in confidence.

If, after making all reasonable efforts, the **City of Wisconsin Rapids** is unable to contact the employee, the **City of Wisconsin Rapids** will place the employee on temporary medically unqualified status or on a medical leave of absence.

The MRO may verify a test as positive without having communicated directly with an individual about the results in three circumstances:

1. If the individual expressly declines the opportunity to discuss the test;
2. If the designated **City of Wisconsin Rapids** representative has successfully made and documented a contact with the individual and instructed him/her to contact the MRO, and more than seventy-two (72) hours have passed since the individual was successfully contacted; or
3. If employer or MRO cannot contact employee within ten (10) days, then test will be documented as a positive.

If a test is verified as positive because of an individual's failure to contact the MRO (No. 2 Above), the individual will have the opportunity to provide the MRO with evidence documenting that serious illness, injury or other circumstances unavoidably prevented him/her from timely contacting the MRO. The MRO, on the basis of such information, may reopen the verification and allow the individual to present information concerning a legitimate explanation for the confirmed positive test. If the MRO concludes that there is a legitimate explanation, the MRO will declare the test to be negative.

D. MRO Determinations

If the MRO determines, after appropriate review, that there is a legitimate medical explanation for the confirmed positive test result other than the unauthorized use of a prohibited drug, the MRO will not take further action.

If the MRO determines, after appropriate review, that there is no legitimate medical explanation for the confirmed positive test result other than the unauthorized use of a prohibited drug, the MRO shall refer the individual tested to the **City of Wisconsin Rapids** for further proceedings in accordance with its anti-drug program and/or the City would refer the employee to the City's SAP.

E. Disclosure of Information

The MRO will not disclose, to any third party, medical information provided by the individual to the MRO as a part of the testing verification process, except as provided hereinafter:

1. The MRO may disclose such information to the **City of Wisconsin Rapids**, Federal agency or a physician responsible for determining the medical qualification of the employee under an applicable DOT regulation, as applicable, only if:
 - a. An applicable DOT regulation permits or requires such disclosure;
 - b. In the MRO's reasonable medical judgment, the information could result in the employee being determined to be medically unqualified under a DOT rule; or
 - c. In the MRO's reasonable medical judgment, in a situation in which there is no DOT rule establishing physical qualification standards applicable to the employee, the information indicates that continued performance by the employee of his or her safety sensitive function could pose a significant safety risk.
2. Before obtaining medical information from the employee as part of the verification process, the MRO will advise the employee that the information may be disclosed to third parties as provided above and of the identity of any parties to whom the information may be disclosed.

VIII. DISCIPLINE

The following discipline will be taken in the event of a positive test result under any of the following circumstances.

A. Pre-Employment

Any employee who tests positive as a result of a pre-employment drug or alcohol test **will be disqualified from further consideration for employment.**

B. Reasonable Cause

Any employee who tests positive as a result of a reasonable cause drug or alcohol test **will be subject to discipline, up to and including termination.**

C. Post-Accident

Any employee who tests positive as a result of a drug or alcohol test taken after an accident **will be subject to discipline, up to and including termination.**

D. Random

Any employee who tests positive as a result of a random or alcohol drug test **will be subject to discipline, up to and including termination.**

E. Return-to-Work

Any employee who tests positive in a return-to-work or follow-up drug or alcohol test will be **discharged**.

Any employee who refuses to provide a urine sample, adequate breath sample, refuses to execute any relevant documentation (e.g., urine custody and control form, release and consent form), fails to properly cooperate with a collection site personnel or engages in any conduct which creates reason to believe a urine specimen has been altered or substituted, **will be subject to discipline, up to and including discharge**.

IX. EMPLOYEE ASSISTANCE, TRAINING, AND EDUCATION

A. Education

The **City of Wisconsin Rapids** will provide an education program for its employees, which will include the following:

1. Display and distribution of informational material;
2. Display and distribution of a community service hot-line telephone number for employee assistance; and
3. Display and distribution of the **City of Wisconsin Rapids'** policy regarding the use of prohibited drugs or alcohol.
4. Provide information on the signs and symptoms of a drug-alcohol problem. (See Appendix F.)

B. Training

The **City of Wisconsin Rapids** will provide at least one 60-minute period of training on drugs for all safety-sensitive employees.

Any supervisory personnel responsible for determining whether an employee must be drug or alcohol tested based on reasonable cause will be required to complete at least one 60-minute period of training on the specific, contemporaneous physical, behavioral, and performance indicators of probable drug use and at least one 60-minute period of training on the specific, contemporaneous, physical, behavioral performance indicators of probable alcohol abuse.

C. Employee Assistance Program

In addition to the education and training program described above, the **City of Wisconsin Rapids** also has available an employee assistance program to which employees may refer for additional consultation and referral. The EAP provides confidential assessment, referral, and short-term counseling for employees who need or request it at no cost to the employee. Costs associated with this benefit, such as a referral to another provider, may be covered by the employee's medical insurance plan; however, any costs not covered by the employee's medical insurance plan are entirely the employee's sole responsibility.

D. Insurance Benefits

Treatment for drug and alcohol abuse may be a covered benefit under **City of Wisconsin Rapids'** health insurance policy. Please refer to plan documents for further information about eligibility, coverage and benefits.

E. Rehabilitation

1. Alcoholism and Chemical Dependency

Consistent with the **City of Wisconsin Rapids'** philosophy that its employees are its most valuable resource, the **City of Wisconsin Rapids** is willing to recognize and provide assistance to those employees whose use of alcohol or controlled substances may be the result of a problem such as alcoholism or chemical dependency. Accordingly, the **City of Wisconsin Rapids** encourages all employees who may have a problem with substance abuse or alcoholism to come forward and work with the **City of Wisconsin Rapids** in resolving the problem.

If it is clinically established that an employee's drug or alcohol use, revealed in a random, post-accident or reasonable cause drug screen, is the result of alcoholism or chemical dependency, the employee will be afforded the opportunity to participate in a rehabilitation program.

Before any employee will be allowed to participate in a rehabilitation program and be later reinstated to his or her job upon the successful completion of that program, the employee must be evaluated by a Substance Abuse Professional (SAP). A Substance Abuse Professional can be a licensed physician (Medical Doctor, or Doctor of Osteopathy) or a licensed or certified psychologist, social worker, employee assistance professional, or an addiction counselor certified by the national Association of Alcoholism and Drug Abuse Counselors Certification Commission or by the International Certification Reciprocity Consortium/Alcohol and Other Drug Abuse. Normal procedures for requesting a medical leave of absence must then be followed. The employee will also be required to admit himself into any prescribed program and actively participate in the same. Accordingly, proof of admission into the program, regular attendance, and "drug/alcohol-free" participation will be required. The **City of Wisconsin Rapids** will also require participation in any recommended or prescribed aftercare or similar follow-up treatment. Failure to participate in any such prescribed program or failure to attend any scheduled after-care or follow-up sessions will disqualify the individual from further employment. In addition, the employee will be required to notify the **City of Wisconsin Rapids** of the identity of the SAP and authorize that the SAP communicate with the **City of Wisconsin Rapids** regarding the employee's progress and to release to the **City of Wisconsin Rapids** any and all information relating to that treatment.

2. Return-to-Work and Follow-Up Testing

Upon the successful completion of the program, the employee will be reinstated to his former position as if returning to work from a medical leave of absence, if he/she is qualified to return to work under applicable **City of Wisconsin Rapids'** rules. Before returning, however, the employee will be required to undergo an additional drug or alcohol test. If the test results are negative, the employee will be returned to work, if work is available. If the drug or alcohol test results are positive, the employee will be disqualified from further employment.

Any employee who has passed a return-to-work drug or alcohol screen after having successfully completed an assistance program will be required to submit to additional testing, without notice, at any time within 60 months from the date the employee returns to work. If the employee subsequently tests positive, the **City of Wisconsin Rapids** will conclude that the employee has made himself unfit for continued employment, resulting in the termination of the employment relationship.

X. CONFIDENTIALITY

Information regarding an individual's drug or alcohol test results or rehabilitation will only be released upon the written consent of the employee, except that such information must be released to the Department or the representative of a State agency upon request as part of an accident investigation. Statistical data related to drug and alcohol testing and rehabilitation that is not name-specific and training records will be made available to the Administrator or the representative of a State agency upon request.

The **City of Wisconsin Rapids'** contract with its laboratory requires it to maintain all employee test records in confidence. However, the laboratory will disclose information related to a positive drug test of an individual to the individual, the **City of Wisconsin Rapids**, or the decision-maker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the individual and arising from a certified positive drug test.

Any employee who is the subject of a drug or alcohol test conducted under this plan shall, upon written request, have access to any records relating to his or her drug test and any records relating to the results of any relevant certification, review or revocation-of-certification proceedings.

To maintain confidentiality, written records will be stored in locked files. These files are separate from and not made part of the employees' personnel file.

XI. BLIND PERFORMANCE TEST PROCEDURES

In order to further ensure the accuracy of test results and test procedures, the **City of Wisconsin Rapids** will utilize blind testing quality control procedures. Under these procedures, the **City of Wisconsin Rapids** will submit three blind performance test specimens for each 100 employee specimens it submits, up to a maximum of 100 blind performance test specimens to be submitted per quarter.

Approximately 80 percent of the blind samples submitted by the **City of Wisconsin Rapids** will be blank and the remaining samples will be positive for one or more drugs per sample in a distribution such that all the drugs to be tested are included in approximately equal frequencies of challenge. The positive samples will be spiked only with those drugs for which the employer is testing.

In the event of a false positive error on a blind test which is determined to be due to an administrative error (e.g., clerical, sample mix-up, etc.), the **City of Wisconsin Rapids** will promptly notify the Department of Transportation (DOT). The DOT and the **City of Wisconsin Rapids** will then require the laboratory to take corrective action to minimize the occurrence of the particular error in the future, and, if there is reason to believe the error could have been systemic, the DOT may also require review and re-analysis of previously run specimens.

In the event of a false positive error on a blind test which is determined to be due to a technical or methodological error, the **City of Wisconsin Rapids** will instruct the laboratory to submit all quality control data from the batch of specimens which included the false positive specimen to the DOT. In addition, the laboratory will be required to retest all specimens analyzed positive for that drug or metabolite from the time of final resolution of the error back to the time of the last satisfactory

performance test cycle. This retesting must be documented by a statement signed by the individual responsible for day-to-day management of the laboratory's urine drug-testing.

XII. RECORDKEEPING AND ACCESS TO RECORDS

- A. Records that demonstrate the collection process conforms to the part will be kept for at least 3 years.
- B. Records of employee drug test results that show that employees failed a drug test, and the type failed (e.g., post-accident), and records that demonstrate rehabilitation, if any, will be kept for at least 5 years, and will include the following information:
 - 1. The functions performed by employees who failed the drug test;
 - 2. The prohibited drugs which were used by employees who failed the drug test;
 - 3. The disposition of employees who failed the drug test (e.g., termination, rehabilitation, leave without pay);
 - 4. The age of each employee who failed the drug test.
- C. Records of employee drug test results that show employees passed a drug test will be kept for at least 1 year.

APPENDIX A

EMPLOYEE SPECIMEN COLLECTION PROCEDURES – Subject to DOT Regulations

1. To deter the dilution of specimens at the collection site, toilet-bluing agents will be placed in toilet tanks wherever possible, so the reservoir of water in the toilet bowl always remains blue. Where practicable, there shall be no other source of water (e.g., no shower or sink) in the enclosure where urination occurs. If there is another source of water in the enclosure, it shall be effectively secured or monitored to ensure it is not used (undetected) as a source of diluting the specimen.
2. Employees subject to drug-testing will be directed to provide a urine specimen at a company-designated facility. Upon arriving at the collection site, the individual to be tested shall present the collection site person with proper identification to ensure that he/she is positively identified as the person selected for testing (e.g., by presenting a Driver's License or other photo ID, or by identification by DESIGNATED MANAGEMENT OFFICIAL. If the individual's identity cannot be established, the collection site person shall not proceed with the collection and COMPANY shall be notified. If the employee requests, the collection site person shall show his/her identification to the employee.
3. If the individual to be tested fails to arrive at the collection site at the assigned time, the collection site person shall contact the **City of Wisconsin Rapids** to obtain guidance on the action to be taken. Failure to report for a urine test at the assigned time may result in termination of employment.
4. The individual to be tested will be required to remove any unnecessary outer garments (e.g., a coat or jacket) that might conceal items or substances that could be used to tamper with or adulterate the urine specimen. The collection site person will ensure that all personal belongings such as purses or briefcases remain with the outer garments. The individual may retain his/her wallet. If the employee requests it, the collection site person shall provide the employee with a receipt for any personal belongings.
5. Before the collection process begins, the individual shall provide the collection site person with a Urine Custody and Control Form, if it has not been previously forwarded to the collection site by PTC on behalf of the **City of Wisconsin Rapids**. To protect themselves, employees should ensure that the entries on the form are accurate, that their collected urine specimens have been sealed, and that their specimens are labeled with the same numbers as appear on the COC form and are placed in a container with copies of the correct COC form.
6. The individual shall be instructed to wash, with water only, and dry his/her hands prior to urination.
7. After washing his/her hands, the individual shall remain in the presence of the collection site person and shall not have access to any water fountain, faucet, soap dispenser, cleaning agent or any other materials which could be used to adulterate the specimen.
8. The individual may provide his/her specimen in the privacy of a stall or otherwise partitioned area that allows for individual privacy. The collection site person shall provide the individual with a specimen bottle or container, if applicable, for this purpose.
9. The collection site person shall note any unusual behavior or appearance on the Urine Custody and Control Form.
10. In the exceptional event that a **City of Wisconsin Rapids** designated collection site is not accessible and there is an immediate requirement for specimen collection (e.g., an accident

investigation), a public rest room, or monitored collection room, may be used according to the following procedures: A collection site person of the same gender as the individual shall accompany the individual into the public rest room, which shall be made secure during the collection procedure. If possible, a toilet-bluing agent shall be placed in the bowl and any accessible toilet tank. The collection site person shall remain in the rest room, but outside the stall, until the specimen is collected. If no bluing agent is available to deter specimen dilution, the collection site person shall instruct the individual not to flush the toilet until the specimen is delivered to the collection site person. After the collection site person has possession of the specimen, the individual will be instructed to flush the toilet and to participate with the collection site person in completing the chain-of-custody procedures.

11. Upon receiving the specimen from the individual, the collection site person shall determine if it has at least 30 milliliters of urine for the primary or single specimen bottle and, where the split specimen collection method is used, an additional 15-ml of urine for the split specimen bottle. If the individual is unable to provide such a quantity the collection site person shall instruct the individual to drink not more than 40 ounces of fluids and, after a period of up to three hours, again attempt to provide a complete sample using a fresh collection container. The original insufficient specimen shall be discarded. If an employee refuses to drink those fluids or provide another specimen, the collector shall notify the City of the employee's refusal to cooperate. If the employee cooperates, but still does not provide adequate specimen, testing will stop and the employee will be removed from duty, suspended, and sent to a doctor acceptable to the City. If the employee is unable to provide a complete specimen, the following rules apply:

a. In the case of a post-accident test or test for reasonable cause (as defined by the DOT regulations), the employee shall remain at the collection site and continue to consume reasonable quantities of fluids until the specimen has been provided or until the expiration of a period up to three (3) hours from the beginning of the collection procedure.

b. In the case of a pre-employment test, random test, follow-up test or any other test not for cause (as defined by the DOT regulations), the **City of Wisconsin Rapids** may elect to proceed as specified in paragraph (1) (consistent with any applicable restrictions on hours of service).

c. If the employee cannot provide a complete specimen within the up to three-hour period, or as applicable, then the MRO shall refer the individual for a medical evaluation to develop pertinent information concerning whether the individual's inability to provide a specimen is genuine or constitutes a refusal to provide a specimen. (In pre-employment testing, if the **City of Wisconsin Rapids** does not wish to hire the individual, the MRO is not required to make such a referral.) Upon completion of the examination, the MRO shall report his/her conclusions to the **City of Wisconsin Rapids** in writing. If the MRO states in writing that it is highly probable that a medical condition prevented the employee from providing adequate specimen, the employee will not be disciplined on ground for refusing to provide a specimen.

12. Specimen collection procedures for mandated "split specimens" is as follows:

The collection site person shall instruct the employee to provide at least 45 ml of urine.

(i) a. Employers with employees subject to drug testing under the drug testing rules of the Federal Highway Administration, Federal Railroad Administration, Federal Transit Administration, or Federal Aviation Administration shall use the "split sample" method of collection for those employees.

- (ii) Employees using the split sample method of collection shall follow the procedures in this paragraph:
- a. The donor shall urinate into a collection container or a specimen bottle capable of holding at least 45 ml.
 - b. If a collection container is used, the collection site person, in the presence of the donor, will measure the temperature, and pour the urine into two specimen bottles. Thirty (30) ml shall be poured into one bottle, to be used as the primary specimen. At least 15 ml shall be poured into the other bottle, to be used as the split specimen.
 - c. If a single bottle is used as a collection container, the collection site person shall pour 30 ml or urine from the specimen bottle into a second specimen bottle (to be used as the primary specimen) and retain the remainder (at least 15 ml) in the collection bottle (to be used as the split specimen).
 - d. Both bottles shall be shipped in a single shipping container, together with copies 1, 2, and the split specimen copy of the chain-of-custody form, to a federally certified laboratory. The lab will review the COC forms and check the specimens for apparent tampering. Any apparent tampering or COC form problems will be reported to the **City of Wisconsin Rapids**.
 - e. If the test result of the primary specimen is positive, the lab will analyze the specimen using Gas Chromatography/Mass Spectrometry (GC/MS). The employee may request that the MRO direct that the split specimen be tested in a different DHHS-certified laboratory for presence of the drug(s) for which a positive result was obtained in the test of the primary specimen. The MRO shall honor such a request.
 - f. When the MRO informs the laboratory in writing that the employee has requested a test of the split specimen, the laboratory shall forward, to a different DHHS-approved laboratory, the split specimen bottle, with seal intact, a copy of the MRO request, and the split specimen copy of the chain-of-custody form with appropriate chain-of-custody entries.
 - g. The result of the test of the split specimen is transmitted by the second laboratory to the MRO.
 - h. Action required by DOT agency regulations as the result of a positive drug test (e.g., removal from performing a safety-sensitive function) is not stayed pending the result of the test of the split specimen.
 - i. If the result of the test of the split specimen fails to reconfirm the presence of the drug(s), or drug metabolite(s) found in the primary section, the MRO will follow DOT guidelines.
 - j. All requirements of 49 CFR Part 40 shall be followed with respect to both specimen samples, including the requirement that a copy of the chain-of-custody form accompany each bottle processed under "split sample" procedures.
13. Except for split samples collected under paragraph 12, no portion of any specimen collected under these procedures may be used for any purpose other than drug testing required under DOT regulations.

14. After the specimen has been provided and submitted to the collection site person, the individual shall be allowed to wash his/her hands.
15. Immediately after the specimen is collected, the collection site person shall measure the temperature of the specimen. The temperature-measuring device used must accurately reflect the temperature of the specimen and not contaminate the specimen. The time from urination to temperature measurement is critical and in no case shall exceed 4 minutes.
16. If the temperature of a specimen is outside the range of 32.5 degrees – 37.7 degrees C/90-5 degrees – 99.8 degrees F, there will be reason to believe that the individual may have altered or substituted the specimen, and another specimen shall be collected under direct observation of a collection site person of the same gender and both specimens shall be forwarded to the laboratory for testing.
17. Immediately after the specimen is collected, the collection site person shall also inspect the specimen to determine its color and look for any signs of contaminants. Any unusual findings shall be noted on the Urine Custody and Control Form.
18. All specimens suspected for being adulterated shall be forwarded to the laboratory for testing.
19. Whenever there is reason to believe that a particular individual has altered or substituted the specimen, a second specimen shall be obtained as soon as possible under the direct observation of a same gender collection site person.
20. Collection site person may require any individual to provide another urine specimen under direct observation because of circumstances constituting reason to believe the specimen may have been altered or substituted.
21. After the urine specimen is provided, both the individual being tested and the collection site person shall keep the specimen in view at all times prior to its being sealed and labeled. The specimen shall be sealed (by placement of a bottle) and labeled in the presence of the employee. If the specimen is transferred to a second bottle, the collection site person shall request the individual to observe the transfer of the specimen and the placement of the tamperproof seal over the bottle cap and down the sides of the bottle.
22. The collection site person, in the presence of the individual, shall place securely on the bottle an identification label which contains the date, the individual's specimen number and any other identifying information provided or required by the **City of Wisconsin Rapids**. If separate from the label, the tamperproof seal shall also be applied.
23. The individual shall, in the presence of the collection site person, initial the identification label on the specimen bottle for the purpose of certifying that it is the specimen collected from him/her.
24. The collection site person shall, in the presence of the individual, enter on the Urine Custody and Control Form all information identifying the specimen. The collection site person shall sign the Urine Custody and Control Form certifying that the collection was accomplished according to the instructions provided.
25. The individual shall be asked to read and sign a statement on the Urine Custody and Control Form certifying that the specimen identified as having been collected from him/her is in fact that specimen he/she provided. He/she will also have the opportunity to set forth, on the Employee Donor Copy of the Urine Custody and Control Form only, information concerning medication recently taken or administered.

26. After signing the Urine Custody and Control Form the collection site may also require the individual to sign a consent or release form authorizing the collection of the specimen, analysis of the specimen for prohibited drugs and release of the test results to the **City of Wisconsin Rapids** and its Medical Review Officer. The individual will not be required to waive liability with respect to negligence on the part of any person participating in the collection, handling or analysis of the specimen or to indemnify any person for the negligence of others.
27. After a proper specimen has been provided, labeled and sealed, the collection site person shall complete the chain-of-custody portion of the Urine Custody and Control Form to indicate receipt from the employee and shall certify proper completion of the collection process.
28. The urine specimen and Chain-of-Custody Form will then be shipped to an appropriate laboratory for analysis. If the specimen is not immediately prepared for shipment, it shall be appropriately safeguarded during temporary storage.
29. While any part of the above chain-of-custody and donor procedures is being performed, the urine specimen and custody documents must remain under the control of the involved collection site person. If the involved collection site person leaves his/her workstation momentarily, the specimen and Urine Custody and Control Form shall be taken with him/her or shall be secured. After the collection site person returns to the workstation, the custody process will continue. If the collection site person is leaving for an extended period of time, the specimen shall be packaged for mailing before he/she leaves the site.
30. The collection site person shall not leave the collection site in the interval between presentation of the specimen by the employee and securement of the specimen with an identifying label bearing the employee's specimen identification number (shown on the Urine Custody and Control Form) and seal initialed by the employee. If it becomes necessary for the collection site person to leave the site during this interval, the collection shall be modified and (at the election of the **City of Wisconsin Rapids**) a new collection begun.

APPENDIX E

Signs and Symptoms of a Drug-Alcohol Problem

Drugs and alcohol can result in such work-related problems as absenteeism and tardiness, lower productivity, missed deadlines, poor work quality, unsafe driving, and increased injuries and accidents. Problems relating to or communicating with supervisors, co-workers or customers, following directions, concentrating or remembering things may also indicate a drug or alcohol problem.

Drugs and alcohol slow reaction times, cause confusion, harm coordination and motor skills and can impair decision-making and memory. People misusing alcohol and using illegal drugs may be withdrawn, lethargic, depressed, erratic, "hyper" or unusually anxious, hostile or paranoid.

Drugs and alcohol misuse can also result in health problems like chronic gastritis, headaches, chronic respiratory infections, and liver problems. They may also show up as poor hygiene, a sloppy appearance, financial problems, DUIs or family problems.

Evidence of use can include paraphernalia such as pipes, syringes, foil packets, pills, powders, and empty alcohol containers. Physical symptoms of use can include:

- ⇒ Marijuana and alcohol odors
- ⇒ Puffy or droopy eyelids, bloodshot eyes, dilated or pinpoint pupils
- ⇒ Nosebleeds, excessive sniffing, chronic sinus problems, nasal sores
- ⇒ Needle tracks or blood spots on clothing
- ⇒ Tremors, racing or irregular heartbeats
- ⇒ Slurred or incoherent speech
- ⇒ Confusion, anxiety, paranoia
- ⇒ Coordination problems
- ⇒ Lethargy and sleepiness

Effects of Alcohol and Drugs

Drugs and alcohol can harm health and the workplace in a variety of ways.

Alcohol

Alcohol is a central nervous system depressant that acts like a poison if used in large quantities. Each year the lives of tens of thousands of Americans are shortened or ended by alcohol misuse.

Alcohol quickly reaches the brain after drinking. It impairs self-control and other learned behaviors. This loss of self-control can lead to aggressive driving (or overly cautious driving), as well as the other kinds of aggressive behaviors associated with drinking. Even small doses of alcohol - i.e., a single drink - can harm driving performance. In large doses, alcohol significantly impairs coordination, memory, and judgment.

Over time, alcohol misuse damages the liver, the heart, the digestive system and can cause permanent brain damage. On average, alcoholics shorten their life span by about 10 years.

Alcohol misuse harms the ability to think clearly, harms judgment and can affect the ability to get along with and work constructively with co-workers and customers. Alcoholics often have attendance and work performance problems and get fired because of the consequences of alcohol misuse. Because of its adverse effects on coordination, reflex time, vision, driving ability, judgment and

the ability to evaluate and quickly process information, alcohol is especially dangerous for drivers of commercial motor vehicles.

A small glass of wine, a can of beer and a one and one-half ounce shot of liquor all contain about the same amount of alcohol. It takes the body about one hour to metabolize and eliminate each "drink" of alcohol. Coffee, exercise and cold showers do not speed up this process or magically produce sobriety. While individuals differ greatly, each drink on an empty stomach by an average-sized adult male may lead to an alcohol concentration of about .02. Thus, drinking more than two drinks raises a serious risk of having an alcohol concentration in excess of DOT rules, especially for people with low body weights. Any drinking while on duty or during the 4 hours before working violates DOT rules.

Cocaine

Cocaine is a powerful stimulant that can be inhaled up the nose, injected, or smoked. It greatly increases heart rate and blood pressure. Partly because of its effects on the circulatory system, cocaine use can lead to seizures. Every time cocaine is used, there is some unquantifiable risk of a fatal stroke or heart attack. Cocaine can also cause tremors, convulsions, vomiting and raises body temperature to dangerous levels. Repeated snorting damages nasal tissues, sometimes permanently. Needle use carries risks of infection and overdose.

Initially, cocaine use brings a rush of euphoria and exaggerated over-confidence. Sometimes these effects are so strong that safe driving is impossible. Cocaine wears off in about an hour after it is snorted and in just a few minutes after it is smoked. When it wears off, the user may become depressed, anxious, paranoid, and exhausted.

Cocaine users may exhibit rapid mood swings and changes in activity level. They may grind their teeth, repeatedly wash their hands or engage in other compulsive behaviors.

Amphetamines

Amphetamines, also known as "speed," are powerful stimulants that are often abused by truck drivers because they make it easy to stay awake. Amphetamines, however, are dangerous drugs with a high potential for abuse. Amphetamines may also be known as uppers, black beauties, white crosses, or dexies.

Use brings feelings of alertness and a loss in appetite. The user may also become very talkative, or physically active, or feel very strong after ingesting amphetamines. In a few hours however, the amphetamines wear off and restlessness, anxiety, paranoia, and headaches set in.

In large doses, amphetamines can produce serious toxic effects. The user's blood pressure can rise to the point where strokes or heart attacks occur. Long-term users often have acne, tooth problems and may exhibit symptoms of permanent brain damage.

One specific type of amphetamine is Ecstasy (3,4-methylenedioxymethamphetamine, or MDMA). MDMA is a drug predominately used at dance parties that are commonly referred to as "raves". Yet research has shown that Ecstasy is moving beyond the club scene and into everyday life. MDMA comes in a variety of forms. It can be a white odorless crystalline powder, or tablets in various colors and stamped with various patterns.

The adverse effects of MDMA include visual hallucinations, confusion, depression, anxiety, sleeplessness, nausea, sweating, chills, dry mouth, increased blood pressure and heart rate, memory loss, muscle tension, tremors, and blurred vision.

Marijuana

Marijuana is a hallucinogen that alters the user's sense of time and reduces the user's ability to perform tasks requiring coordination, swift reactions, and concentration. Taken in large quantities, marijuana can act like a depressant.

While some people may regard marijuana as harmless, there is evidence its use is unhealthy and dangerous for the driver. Marijuana causes significant increases in blood pressure and pulse rate and, thus, can aggravate or cause heart disease. Marijuana smoke also contains a number of known carcinogens. Many experts believe that marijuana is actually more unhealthy to smoke than tobacco.

Studies have shown that smoking marijuana affects the ability to perform tasks like driving, which require both thinking and motor skills, for at least 24 hours. Users, however, often believe that all the impairing effects of smoking have worn off after 4 to 6 hours. Marijuana significantly impairs short-term memory and can harm the user's ability to concentrate or plan for and achieve long-term goals. There is also significant evidence that marijuana harms the reproductive systems of men and women and is dangerous for children and nonsmokers who live with the user.

Opiates

Opiates are a class of narcotics and sedatives derived from the opium poppy plant. Heroin is the strongest opiate. Heroin use has been increasing in recent years because of the availability of cheap, strong heroin from Asia. This new stronger heroin can be smoked or snorted. Heroin can also be injected using needles.

Morphine and codeine are opiates that are often used to relieve pain or induce sleep. However, they can be stolen from hospitals or pharmacies and abused.

Opiate misuse causes a number of health problems. Because of variations in dosages and strength, heroin use carries a risk of overdose and death. Addicts who use needles also risk contracting AIDS or hepatitis. Heroin is often contaminated with other drugs or toxins or combined with other narcotics.

Opiate use slows down and depresses a number of body functions, including brain functioning. Heroin users may act sleepy or euphoric for a while and then become anxious or irritated after the heroin wears off. Heroin users tend to have a number of related health problems and to also abuse alcohol and tobacco. Together, these drugs and the unhealthy lifestyles of heroin users result in decreased life expectancy.

PCP

Phencyclidine, or PCP, is also called angel dust, or dust. PCP is an extremely dangerous hallucinogen that has unusual and unpredictable side effects. It was developed as an anesthetic in the late 1950's and used for a while as a tranquilizer both for humans and animals. Because of its dangers, it now has no legal uses and is no longer legally manufactured. Rather, PCP is manufactured in underground laboratories. It often contains dangerous adulterants but is very dangerous all by itself.

PCP can produce violence and bizarre behavior in anyone who uses it. Occasionally, PCP users attack nurses and policemen or jump out of windows because they believe they can fly. PCP somehow scrambles the brain's internal stimuli and seriously changes how users feel, see and deal with their environment.

In low doses, PCP produces a feeling of numbness. Increased doses produce excitement, confusion and delirium. The user's body may become rigid or go into convulsions. Routine activities like driving become dangerous and unpredictable.

Users may walk with strange uncoordinated steps. PCP users may have a blank stare, sweat heavily, have thick slurred speech or engage in some of the violent and bizarre behaviors mentioned above.

Guidelines Regarding the Spread of Influenza

Employees have an important role in protecting themselves, their families and their coworkers from the spread of influenza (flu). Influenza illnesses can result in associated extended time off, hospitalizations and possible deaths. In order to preserve the health of our employees, the City has adopted these guidelines, which are intended to minimize the spread of the flu.

- Cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in the trash after you use it.
- Wash your hands often with soap and water, especially after you cough or sneeze. Alcohol-based hand cleaners are also effective and will be available in your department.
- Avoid touching your eyes, nose or mouth. Germs spread this way.
- Try to avoid close contact with sick people, preferably by staying 6 feet or more away from an obviously ill person.
- If you are sick, you may be ill for a week or longer. You should stay home and keep away from others as much as possible, including not going to work or travel for at least 24 hours after your fever is gone. Your fever should be gone without the use of fever-reducing medicine. If you leave the house to seek medical care, wear a facemask, if available and tolerable.
- Stay informed. Health officials will provide additional information as it becomes available.
- Follow public health advice regarding school closures, avoiding crowds and other social distancing measures.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: Influenza Pandemic – Continuity of Operations

PURPOSE: To safeguard the health of City personnel, citizens, vendors and others during an influenza pandemic, minimize the disruption to the workplace, and continue needed public services.

POLICIES: Upon the declaration of a H1N1 or other influenza pandemic emergency or a public health emergency as designated by the Wood County Public Health Officer or by order of the Mayor, Department Heads will take prudent, necessary and lawful measures needed to minimize the disruption to the workplace, preserve the public health, and continue needed public services by following their department's Continuity of Operations Plan. Every City department is required to have a Continuity of Operations Plan, which will include plans and procedures, essential functions, minimum staffing levels, order of succession, interoperable communications and alternate facilities. (The attached NEWMAC form can be utilized to assist with this planning).

PROCEDURES:

1. Each Department Head is charged with identifying essential job functions and adequate staffing required to maintain operations during a pandemic.

It is projected that under pandemic conditions, absenteeism could exceed 50%. It is vital that adequate staffing is available so that City operations and public services can go on. Each Department Head must determine the critical staff numbers and the skills required to keep essential sectors of the City operations running and at what level certain operations stop.

2. Each Department Head must determine the staff reassignments that will be needed for expanded or diminished demand of services. Department heads will assess skill requirements needed to identify core and alternate staff (retirees, volunteers, etc) to fill essential job functions.
3. Department Heads shall ensure that personnel contact information, including after hours and emergency numbers are up to date.
4. If the number of employees absent due to illness make the continuation of certain city services impossible, or local health conditions indicate the need for heightened precautions, the Mayor may order city facilities to close or suspend services.
5. Police and Fire Chiefs should advise Police and Fire personnel that because of their obligation to report to work during a pandemic, employees are encouraged to develop a personal/family disaster plan to

ensure that home and family obligations are attended to and do not require their presence.

SUBJECT: Influenza Pandemic – Employment Considerations Due to Influenza Illness

PURPOSE: To safeguard the health of City personnel, citizens, vendors and others during an influenza pandemic.

POLICY: In order to maintain a safe work environment, the City of Wisconsin Rapids will take appropriate action to prevent, suppress and control H1N1 and other influenza (flu) illnesses. General guidelines regarding the prevention or slowing the spread of H1N1 and other influenza illnesses are attached to this policy. This policy addresses employment considerations in relationship to the exclusion of City employees from work locations or employment based on possible H1N1 or other influenza (flu) illnesses.

The City of Wisconsin Rapids will comply with all applicable statutes and regulations that protect the privacy of persons who have a communicable disease, including H1N1 or another influenza illness. Every effort will be made to ensure procedurally sufficient safeguards to maintain the personal confidence about persons who have communicable diseases.

PROCEDURES: People with the flu virus are contagious while they have symptoms; therefore, it is important that employees with symptoms consistent with the flu minimize their exposure to others.

1. Employees who are sick with an influenza-like illness (fever plus at least cough or sore throat and possibly other symptoms like runny nose, body aches, headaches, chills, fatigue, vomiting and diarrhea) should stay home and minimize contact with others, including avoiding travel, for at least 24 hours after the fever is gone. Fever should be gone without the use of fever-reducing medicine.
2. In order to maintain a safe work environment, the City may exclude certain employees from coming to their work location or employment if they are experiencing flu symptoms. Department Heads must consult with the Human Resources Department before they exclude any employee from coming to his/her work location or from employment.

Individuals who are excluded from employment under this protocol will be given an Exclusion from Employment Notification Form (EENF) and will be directed to go home until:

- A. At least 24 hours after the fever is gone (the fever should be gone without the use of fever-reducing medicine) OR
- B. A CDC-approved test for the flu demonstrates a negative result.

Telework (working from home) may be an option, depending on job duties, and may be approved by the Department Head. A Work Agreement will be established for an employee working from home.

3. Employees who are required to stay home from employment will be eligible for applicable paid sick leave benefits.

Employees with insufficient sick leave hours accrued will be allowed to use other accrued leave.

If all other leave is exhausted, the employee will be allowed to take unpaid leave during the period of their illness, or may borrow up to one (1) week of sick leave during the period of exclusion. Upon return from exclusion, these employees will not be eligible to receive sick leave with pay until the sick leave balance is restored. An employee will be expected to pay back any balance to the City and an employee who leaves City employment will have the compensation for the paid sick leave owed the City deducted from the final paycheck. In order to borrow the sick leave time, the employee will be required to sign an agreement to that effect.

4. Employees will be expected to return to work as soon as the exclusion period ends. Employees requesting additional time off once the exclusion period ends, or to care for family members with influenza, must follow regular time off request procedures, which may include up to ten (10) days leave without pay, if no other applicable benefits are available.

HUMAN RESOURCES POLICIES AND PROCEDURES

SUBJECT: SEVERE WEATHER WARNING PROCEDURES

PURPOSE:

The purpose of these procedures is to ensure that City employees are familiar with the severe weather warning system and the steps to be taken to ensure that fellow employees, and the general public using facilities under the control of the City, are provided maximum protection within the limits of personnel and facilities available. The goal is to provide advance notice and to train personnel so that hazards, damage and injury can be minimized should severe weather and/or a tornado occur.

POLICY:

Each City employee is responsible to become familiar with areas of the building they occupy that will afford the best protection from severe weather or, if not located in a building, the nearest public building that is within reach that can be used for protection. Access points and times the buildings are open to the public should be checked out in advance as well as the time needed to reach the building should advance warning be received. The Department Managers will obtain and ensure a copy of "Emergency Warning Signals" is posted in each building under their control.

These procedures shall apply to all City employees and to all places of employment, City worksites, and recreation sites within the City. They shall also apply, should the employees and/or the general public be using facilities under the control of another agency, but under contract to the City, as is the case with school facilities.

SAFETY PRECAUTIONS AND PROCEDURES

- a. City Hall: In the event notice is received or the siren is sounded, employees and citizens in City Hall should move to the basement of City Hall using the nearest stairway. **The elevator should not be used.** Main offices should be locked by the department managers. Employees should bring their ID/Access Card with them if possible.
- b. Other Work Sites: In the event notice is received or the siren is sounded, City employees working outside are to take shelter at the nearest public building that affords the most protection. Such buildings are City Hall, Water & Light Building, Waste Water Treatment Plant, Schools, Wood County Courthouse, Library, Fire Stations, State Office Building, and Armory. The best protection is located in basements near walls on the side the storm is approaching from. Do not locate yourself near windows or doors, but go to a place that is relatively free from stored or loose materials that could injure you if blown about. Protect your face and head as much as possible from flying debris.

c. Swimming Pool:

1. Sufficient Advance Warning: If sufficient advance warning is received, the pool should be closed and swimmers advised to return to their homes immediately. If the swimmer lives a distance beyond reach before the storm arrives, they are encouraged to call their parents for advice or directions. All swimmers remaining at the pool must be moved inside the bathhouse away from doors and windows.
2. Immediate Danger: If sufficient time is not available for swimmers to return to their homes, the pool should be closed immediately, everyone notified to leave the water, and swimmers directed to enter the bathhouse and congregate near interior walls away from doors or windows. Swimmers should also be protected by walls, partitions, etc., so they are not in the path of possible flying glass. Closets, bath or toilet rooms, locker rooms usually afford the most protection. Do not allow swimmers near electrical panels or switch boxes. Have swimmers protect head and face by placing clothing, towels, etc., over these parts of the body.

d. Playgrounds and Other Outside Activities:

1. Sufficient Advance Warning: If sufficient advance warning is received to allow participants to reach home, the activity should be cancelled and everyone directed to proceed immediately to their home.
2. Immediate Danger: If sufficient time is not available for participants to reach their home, they should be directed to the nearest public facility that affords the maximum amount of protection. In the parks, such buildings are the toilet facilities, the warming house at Robinson Park, and the warming houses at Witter and Mead Field. Other buildings are the Armory, State Office Building, Schools, Churches, Lowell Center, City Hall, Wood County Courthouse, Water & Light Building, Fire Stations, Waste Water Treatment Plant and Library. Basements afford the best protection; however, if there is no basement, protection can be obtained from interior walls, closets, toilet rooms, etc. Care should be used not to be near windows, electric panels or loose debris that could blow about.

e. Street Department (City Garage): Employees and citizens in the City Garage should go to the Bulk Oil Storage Room or the Lead Mechanic's Office, whichever location is closest. Administration offices should be locked.

f. Waste Water Treatment Plant: Employees and citizens in the Waste Water Treatment Plant should go to the Headworks Room or the basement of the Blower or Digester Buildings – whichever location is closest. Administration offices should be locked.

g. Fire Department: Employees and citizens in the Fire Stations should move to the basement of the facility. Administration offices should be locked.

- h. Conference Rooms/Meetings: (tornado warning) Meetings should be adjourned to the basement of City Hall, using the closest stairway, or adjourned to another date. **The elevator should not be used.**

ALL-CLEAR PROCESS

The Police Department will call the lunchroom (421-8246), to notify City Hall employees that the warning is over and it is clear to return to their offices. Each department will then contact other departments indicated on the notification procedures.

TRAINING

- a. Each year prior to the severe weather season all employees will be briefed on the warning signals, notification procedures and safety precautions. This training may take the form of a short training session or assistance may be obtained from Wood County Emergency Management in the form of slides, film or lecture. A record of all such training received will be kept by each department and forwarded to Human Resources.
- b. Each year prior to the start of the Recreation Department summer activities program, a training and briefing session will be held which covers all aspects of the program. Severe Weather Procedures will be a part of this training process. Copies of these procedures will be furnished each instructor or staff member. The Recreation Supervisor will ensure that at least one test is conducted each year at the beginning of the season to ensure the staff are aware of the procedures to follow and is familiar with the meaning of the sirens should they be sounded.
- c. The Department Administrative Assistant should ensure that telephone numbers to all locations mentioned in Section 5-a and 5-b above are current at all times.

PURPOSE:

To provide employees with guidelines regarding zero tolerance of weapons possession, use, or threat of use of weapons, workplace violence and workplace threats.

POLICY:

The City of Wisconsin Rapids is committed to providing a safe and secure working environment for employees and the general public. Therefore, the City **will not** tolerate any harassment, intimidation, violent act, or threat of violence, or the possession, use, or threat of use of a weapon against any employee, Public Official, visitor or the general public. This includes any direct, conditional or implied threat, intentional act, or other conduct, which reasonably arouses fear, hostility, intimidation, or the apprehension of harm. The City will take steps to prevent and respond to all instances of weapons possession, violence and threats of violence, which occur on City premises or in the performance of official business outside of the premises.

All employees have a responsibility for fostering and maintaining a safe and secure workplace. All employees are also expected to adhere to specific security and safety procedures as prescribed by their supervisors. All employees have a duty to report any knowledge of such acts or threats to their supervisors.

When notified that an employee has been assaulted, threatened with bodily harm or has threatened to harm themselves, supervisors have a responsibility to respond in a timely and appropriate manner.

Conduct prohibited by this policy includes, but is not limited to: physical attacks; any unwanted contact such as hitting, fighting, pushing, or throwing objects; verbal or non-verbal threats; any veiled, direct, or conditional suggestion of physical harm; verbal abuse or harassment acts or language intended to scare, menace or intimidate. Sexual harassment is not covered under this policy unless such harassment also involves acts or threats of violence.

No employee may carry any weapon or firearm during the course of performing duties for the City, nor shall an employee bring a weapon into the workplace. Use of any object, as an actual or intended weapon, shall be considered a violation of this policy. The weapons that employees or others legally have in their personal vehicles while on City property, conducting business with or for the City, or attending a City-sponsored event must remain in the vehicle and in their proper carrying case, regardless of whether the motor vehicle is used in the course of employment or whether the motor vehicle is driven or parked in property used by the employer. Only law enforcement or security personnel who are required to carry a weapon as part of their official job duties are exempted.

Consequences

Appropriate disciplinary, administrative or criminal action shall be taken against any person who violates the provisions of this policy. Disciplinary action against an employee can take many forms depending on the circumstances, up to and including suspension and/or termination of employment.

Any person who engages in an act of violence or alleged act of violence, or who is in possession of a weapon during the course of his/her work in a City facility, may be removed from the workplace as quickly as safety permits and may be banned from entering City facilities until an investigation is completed.

Instead, the City of Wisconsin Rapids wants to ensure that healthy options are available for purchase at our facilities. The City of Wisconsin Rapids wants this policy to encourage staff in purchasing healthy food and beverage choices for all meetings, trainings, and events.
