

Wisconsin Rapids Recreation Complex

The Wisconsin Rapids Recreation Complex (WRRC), *featuring* the Aquatics Center, is a once-in-a-generation investment in **our region, our people** and **our future**. This **all-seasons, all-ages, all-abilities** facility is poised to be a regional attraction, providing opportunities for fitness, education and leisure to our local community and visitors, alike. I invite you to experience everything the WRRC has to offer, including pickleball courts, a tennis court, a large playground, a splash pad, a park shelter and more! Learn more at wirapids.org/wrrc or on Facebook at facebook.com/WRRCAquatics.

We are looking for donor support to help sustain our regional aquatics destination and recreation complex.

Of the \$12 million project cost, the Legacy Foundation of Central Wisconsin has invested \$2.5 million and **has pledged an additional matching grant of \$500,000, to be raised by June 2021**. Additional fundraising activities has raised over \$36,000. The City has committed to investing \$9.5 million through capital borrowing and is looking to fundraise for \$1.5 million of its portion, recognizing that **every single dollar raised privately is approximately \$1.30 less for which taxpayers are responsible** (due to interest on the loans). **Your donation is an investment in this unique community asset, and also reduces the City taxpayer debt that made this project a reality.** Thank you for your support!
